BACKGROUND INFORMATION:

In August 2022, the District sought a qualified insurance provider to provide Liability and Automobile Insurance Coverage beginning with the 2022–23 school year. The coverage includes automobile liability, automobile physical damage, school liability (including professional, legal,

general, and employee benefits liability), privacy and information security, and violent acts coverage.

As part of the District's market research in 2021 and 2022, we directly contacted four insurance providers that provide, or have previously provided, insurance coverage to school districts in the Coastal Bend area. The District received one response, from TASB Risk Management, which was the District's incumbent provider.

The District has received excellent service and support from TASB Risk Management. In addition, TASB's online claims management system has proven to be user-friendly and efficient for District staff.

Based on our review of the available market and the providers serving school districts in our area, we have not identified another company that would provide the District with a greater overall value in terms of coverage, service, support, and cost. For these reasons, TASB Risk Management continues to be the provider that best meets the District's insurance needs.

RECOMMENDATION:

Administration recommends to renew the contract with TASB Risk Management Services for Liability and Automobile coverage for the 2026-27 School Year.

FINANCIAL IMPACT:

2026-27 Renewal Cost: \$91,525

2025-26 Cost: \$83,284
