An Introduction to the Eden Prairie Schools Community Workshop @ Valley View

Molly Malone, Director of Community Engagement & Alumni Relations

EDEN PRAIRIE SCHOOLS
Community Education

Program Background

Community Education LAUNCH Innovation Challenge

This challenge encouraged staff to propose bold, strategic innovations that advance Flight Plan 2035 and strengthen Community Education programming alignment with the Inspired Journey and its five interest-area Pathways.

The Community Workshop

Repurposing the Valley View Campus garage to establish a space for a fix-it clinics & other hands-on programming

EDEN PRAIRIE SCHOOLS

The Eden Prairie Schools Community Workshop @ Valley View

Community Workshop Purpose

- Unique and flexible learning environment that serves a variety of purposes
- Dedicated space for tools and other equipment to meet specific needs
- Welcoming and accessible to the community, while also benefiting students

EDEN PRAIRIE SCHOOLS

Planned Use

- Bike repair and sewing classes offered through Community Education's adult and youth enrichment programs
- Student makerspace programming
- Future instructional use by students
- Fix-it clinics intended to help residents extend the life of:
  - clothing or other textiles
  - small electronics
  - household items
- Potential expanded use by the community
