School District Clerk

Member _____ introduced the following resolution and moved its adoption, which motion was seconded by Member _____:

RESOLUTION ESTABLISHING COMPLIANCE WITH REIMBURSEMENT BOND REGULATIONS UNDER THE INTERNAL REVENUE CODE RELATING TO CERTAIN PARKING LOT IMPROVEMENT PROJECTS

BE IT RESOLVED by the School Board (the Board) of Independent School District No. 15 (St. Francis), Minnesota (the District), as follows:

SECTION 1. REIMBURSEMENT. (a) (i) The Internal Revenue Service has issued Section 1.150-2 of the Income Tax Regulations (the Regulations) dealing with the issuance of tax-exempt obligations all or a portion of the proceeds of which are to be used to reimburse the District for Project (as described below) expenditures made by the District prior to the date of issuance (the Reimbursement Obligations).

(ii) The Regulations generally require that the District make a declaration of its official intent to reimburse itself for such prior expenditures out of the proceeds of a subsequently issued series of tax-exempt obligations within 60 days after payment of the expenditures, that such obligations be issued and the reimbursement allocation be made from the proceeds of such obligations within the reimbursement period (as defined in the Regulations), and that the expenditures reimbursed be capital expenditures or costs of issuance of the obligations.

(iii) The District desires to comply with requirements of the Regulations with respect to the Project.

(b) (i) The District proposes to undertake Project and to make original expenditures with respect thereto prior to the issuance of Reimbursement Obligations, and reasonably expects to issue Reimbursement Obligations for such project in the maximum principal amounts shown below:

Project	Maximum Amount of Obligations Expected to be Issued for Project
Parking Lot Improvement Projects	$600,000

(ii) Other than (i) de minimis amounts permitted to be reimbursed pursuant to Section 1.150-2(f)(1) of the Regulations or (ii) expenditures constituting preliminary expenditures as defined in Section 1.150-2(f)(2) of the Regulations, the District will not seek reimbursement for any original expenditures with respect to the foregoing Project paid more than 60 days prior to the date of adoption of this resolution. All original expenditures for which reimbursement is sought will be capital expenditures or costs of issuance of the Reimbursement Obligations.

(c) As of the date hereof, there are no District funds reserved, pledged, allocated on a long term basis or otherwise set aside (or reasonably expected to be reserved, pledged, allocated

on a long term basis or otherwise set aside) to provide permanent financing for the original expenditures related to the Project other than pursuant to the issuance of the Reimbursement Obligations. Consequently, it is not expected that the issuance of the Reimbursement Obligations will result in the creation of any replacement proceeds.

(d) The District's Director of Finance shall be responsible for making the "reimbursement allocations" described in the Regulations, being generally the transfer of the appropriate amount of proceeds of the Reimbursement Obligations to reimburse the source of temporary financing used by the District to make payment of the original expenditures relating to the Project. Each reimbursement allocation shall be made not later than (i) eighteen (18) months after the date of the original expenditure or (ii) eighteen (18) months after the date the Project is placed in service or abandoned (but in no event later than three (3) years after the original expenditure is paid) and shall be evidenced by an entry on the official books and records of the District maintained for the Reimbursement Obligations and shall specifically identify the original expenditures being reimbursed.
