

Operational Readiness Report

Overview of summer preparations for the 2026-2027 school year

CAN WE

**FIX
CLEAN
BUILD
MAINTAIN
SAFEGUARD
SECURE IT?**

YES, WE CAN!

**The FPP
Team**

Executive Summary

All facilities are ready to receive students on September 8th to begin another great year of learning!

- **Facility Improvements** – replaced, repaired, and upgraded facilities across the district.
- **Health, Safety, and Security** – completed maintenance, inspections, and training.
- **Maintenance and Cleanliness** – finished maintenance and deep cleaning of facilities.
- **Student Nutrition** – received new kitchen equipment for multiple sites.
- **Transportation** – students are assigned a bus route, and our transportation partner is ready to start work.

Together, we continue to invest in the spaces where our students learn, grow, and thrive.

Project Highlights

This overview focuses on the larger projects and summer work that is necessary to maintain and refresh our district facilities before starting the new school year.

Interior repairs or replacements:

- Crystal Lake Education Center
- Eastview Elementary
- John F. Kennedy Elementary
- Oak Hills Elementary

Parking lot improvements:

- Crystal Lake Education Center
