Date of Board Meeting: 8/25/2026

Recommendation: No action needed - Report

Agenda Item Number: 5b

Agenda Item Title: Student Learning in a Digital World

Time Allotted: 20-30 Minutes

Strategic Plan Areas of Focus: Student Achievement

Purpose: The Departments of Teaching & Learning and Information Technology will present Student Learning in a Digital World: An Intentional Approach to Learning, Digital Tools, and Student Well-Being. This framework brings together current district practices and priorities into a cohesive approach for the purposeful use of digital tools in teaching and learning. Organized around Learning with Purpose and Learning with Care, the framework emphasizes meaningful and hands-on learning, responsible use of emerging technologies, clear device expectations, digital citizenship and well-being, safe and secure digital environments, and equitable access and support. The presentation will also outline 2026–27 priorities and the process for continued research, stakeholder feedback, and recommendations related to the district’s digital learning environment.
