

GOAL PLANNING 2026-2027

Google Form to Follow

All goals will be written as SMART goals driven by the strategic directions. All goals should be meaningful and relevant as they advance the strategic directions of the district.

Each district leadership team member will develop at least 3 SMART goals - Specific, Measurable, Achievable, Relevant and Time-Bound

Your SMART goals should serve as both a personal roadmap and a shared commitment, ensuring that the work of each leader directly contributes to our vision for student success.

You will be asked to reflect on your goals electronically on the 15th of each month. This will come as an email on a monthly basis. Collectively, the strategic directions are reviewed at each business meeting.

Initial goals are due by September 5th.
