Superintendent's Report

Back to School

It's hard to believe we are already a few weeks into the new school year! Our students and staff returned to classrooms on Aug. 5, and we had the opportunity to visit schools across the District to capture some of the excitement of the first day. Here are a few of our favorite moments from the start of the 2026-2027 school year.

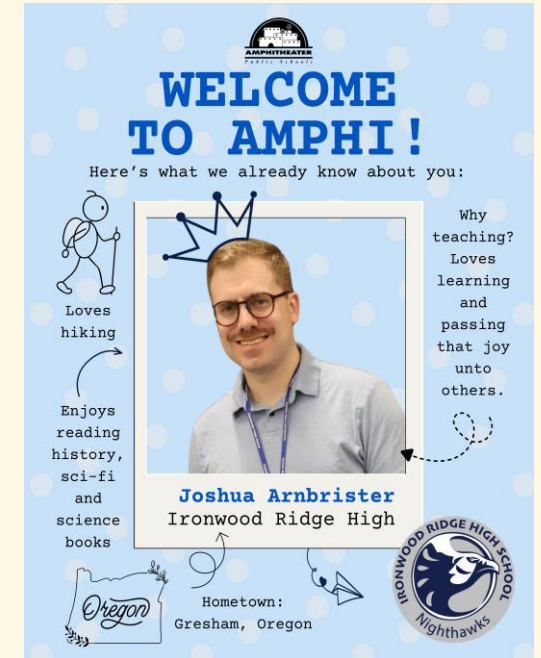

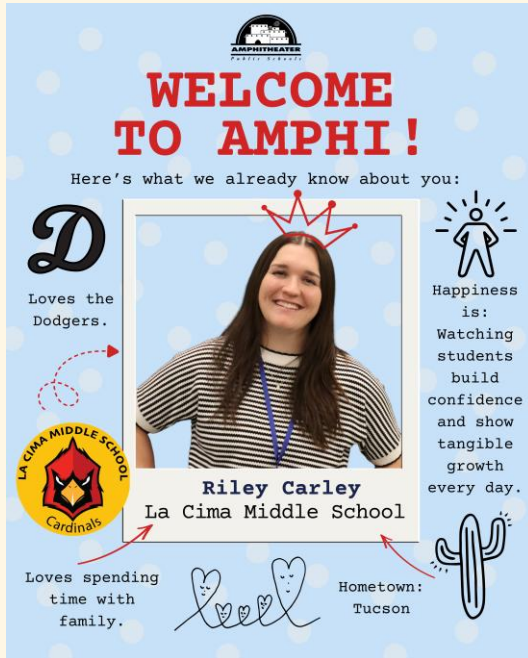

Our first day of school reel has become the District's best-performing social media video to date. The video has been viewed more than 15,700 times and has reached more than 4,000 unique users across Instagram and Facebook.

New Teacher Feature

Teachers who participated in the Effective Teacher Conference just before the start of school are in the spotlight on the District's Facebook and Instagram pages. Each graphic welcomes a teacher to Amphi and gives followers a chance to learn a little about them. The posts have received excellent engagement, with plenty of likes, shares and kind comments. By the end of the campaign, we'll have welcomed more than 30 certified staff members to Amphi.

Happy Birthday!

Rio Vista Elementary celebrated the 40th anniversary of the school's opening last week. The school marked the milestone with its annual school photo, honoring both its history and its future. This year's photo recognizes the unification of Rio Vista and Holaway and the beginning of a new chapter for the school community.

Foundation of the Year

The Arizona Educational Foundation named the Amphi Foundation its 2026 School District Foundation of the Year, part of the inaugural class of the Arizona Education Hall of Fame.

The honor recognizes the Foundation's outstanding support of Amphi students, educators and families through scholarships, teacher grants, classroom resources, student assistance and academic programs.

Congratulations on this well-deserved statewide recognition!

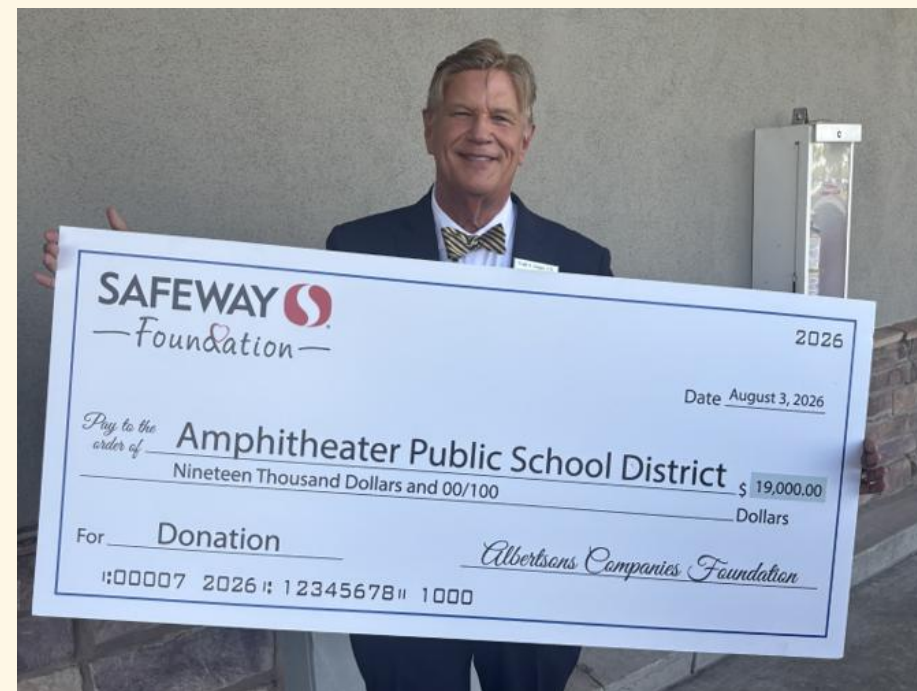

AMPHI
FOUNDATION

Thank You

Two of our business partners recently made generous donations to support our students. Thank you to Tucson Electric Power for its \$10,000 donation to the Amphi Foundation's Full STEAM Ahead program. The funding gives teachers the flexibility to easily purchase hands-on materials that bring science to life in the classroom. We are also grateful to the Safeway Foundation, which made a \$19,000 total donation to our District's schools during a ribbon-cutting celebration for its newly renovated Oro Valley store.
