### Points to Consider Before Requesting Approval

- ☒ Appropriate for the age level, grade level, and curriculum?
- ☒ All district employees will travel on the bus unless prior approval by the Principal?
- ☒ Request made long enough in advance so that arrangements can be made prior to the trip?
- ☒ Written permission must be obtained from the parents or legal guardians?
- ☒ Have these students attended this trip or a similar trip in the past three years?

Justification for Trip – How does this trip align with your school's current 90 Day Plan, the learning standards in your classroom, and how it will improve the learning of your students? \*

Participation in the National FFA Convention & Expo supports Aztec High School's focus on student engagement, academic growth, career readiness, and providing students with meaningful opportunities to apply learning beyond the classroom. The experience extends Agricultural Education instruction by allowing students to apply classroom standards related to leadership, communication, teamwork, career exploration, agricultural literacy, and employability skills in an authentic setting.

Students will participate in leadership and educational sessions, explore agricultural careers and postsecondary opportunities, interact with agricultural businesses and industry professionals, and experience emerging technologies and career pathways through the National FFA Expo. Students will be expected to communicate professionally, work collaboratively, make responsible decisions, and represent Aztec High School in a national setting.

These experiences improve student learning by connecting classroom instruction to real-world agriculture, careers, leadership, and future educational opportunities. Students return with new knowledge, ideas, and experiences that can be shared with other FFA members and incorporated into chapter activities and Agricultural Education classrooms, extending the educational impact beyond only the students who attend.

**⚠ Field trips must be planned within the context of the school program and must be appropriate for the age level, grade level, and curriculum. Due to limitations imposed by local conditions, field trips may be limited by the Superintendent. All field trips must be specifically approved by the Superintendent long enough in advance so that arrangements can be made prior to the trip. Before any student is taken from the school grounds on a field trip, written permission must be obtained from the parents or legal guardians. Transportation shall be provided only by District vehicles, driven by authorized personnel.**

 In general, field trips shall be conducted within the normal school day and shall be limited to a distance of not more than one hundred (100) miles one (1) way from the school. Longer trips or overnight trips must have Board approval. The District will not sponsor, approve, support, or encourage field trips that do not meet the criteria outlined in this policy, unless the Board gives approval after a presentation justifying the specific need for the exception.
