

Discussion Item

Date: September 8, 2026

Division: Accountability and Evaluation

Subject: Accountability Update

Background Information:

- On August 14, 2026 TEA released the 2026 accountability ratings for Texas public schools.
- TEA is planning to adjust the accountability system again for the 2028 ratings, which will be based on the 2027-28 school year and the Class of 2027 for the CCMR components.

Administrative Consideration:

- The School Chiefs and Learning and Teaching are working with campuses identified as a D or F to create improvement plans and address student learning needs.
- Additional information regarding campus intervention plans will be shared with the School Board at a later meeting this Fall.
- LISD will continue to publish and create Campus Profiles as a local accountability measure that relies upon a more robust set of data and focuses on multiple measures of student success.
