Summary: Terrell ISD is committed to the professional development of all staff for the purpose of improving student outcomes. Our sessions are strategically designed and focused on strong, engaging, grade appropriate instruction. Our goal is for every teacher to have the tools and expertise to deliver high quality instruction in every classroom. We focus on instructional strategies that promote student ownership, critical thinking, and academic growth. We aim to not only improve instructional quality, but also foster a culture of continuous learning and excellence among our staff. Our PD plan is guided by: • District guiding pillar • Academic needs of our students • Texas Essential Knowledge and Skills • Professional needs of teachers and staff • Assessment data
