ISDLAF+ MONTHLY STATEMENT DISCLAIMER

Securities and municipal advisory brokerage services (investments purchased with proceeds from a municipal securities issuance), and investments cleared through our clearing firm, Pershing LLC, are offered through PMA Securities, LLC, a broker-dealer and municipal advisor registered with the SEC and MSRB, and a member of FINRA and SIPC. All other products and brokerage services are generally provided by PMA Financial Network, LLC. Thus, certificates of deposit ("CD"), savings deposit accounts ("SDA") and commercial paper ("CP") may be executed through either PMA entity, as applicable, depending on whether the investment was purchased with proceeds derived from the issuance of municipal securities. PMA Securities, LLC and PMA Financial Network, LLC are operated under common ownership and are affiliated with PMA Asset Management, LLC.

Fixed Rate Investment Activity

This section shows all of the fixed term investments purchased and sold, maturities, interest received, and activity. This will include all CD, SDA, CP, securities and money market funds purchased through PMA Financial Network, LLC or PMA Securities, LLC as applicable. It also shows the approximate market value of each security and DTC CD whose price is obtained from an independent source believed to be reliable. However, PMA cannot guarantee their accuracy. This data is provided for informational purposes only. Listed values should not be interpreted as an offer to buy or sell at a specific price. Other CDs and CP are listed at their original cost. Redemption of a CD prior to maturity may result in early withdrawal penalties. Market values are based on the last day of the month for which this report date range is ending. If the run date of this report is prior to the end of the current month, the market values are listed as equivalent to the cost values.

ISDLAF+ Activity

This section shows all of the client's transactions in ISDLAF+. The Average Rate represents the average net interest rate over the previous month which is then annualized. Information regarding the ISDLAF+ investment objectives, risks, charges, and expenses can be found in the ISDLAF+ Information Statement, which can be obtained at www.iasbop2p.org/isdlaf/home or by calling PMA at the phone number listed. An investment in any series of ISDLAF+ is not a deposit of any bank, and is neither insured nor guaranteed by the Federal Deposit Insurance Corporation, the U.S. Government, any state governmental agency or ISDLAF+. Investors could lose money investing in any series of ISDLAF+, and there can be no assurance that any series of ISDLAF+ that seeks to maintain a stable net asset value of \$1.00 per share will be able to do so.

Insured Cash Sweep Activity

Insured Cash Sweep (ICS) is an insured money market deposit account. ICS money balances are recorded under the "relationship bank" as shown above. The individual reciprocating banks in which your funds are placed will not be identified on the confirmation as they may change daily. A list of individual reciprocating banks will be provided upon request. PMA monitors investment balances placed through the PMA Network. Any investment activity outside the PMA Network while using ICS may result in placements in excess of FDIC insured limits. ICS investments are limited to clients of PMA whose investments (excluding the client's local bank) are fully managed by PMA and utilize the PMA Network. If you make or intend to make investments outside the PMA Network, you are not eligible for this program and should advise PMA immediately. Prior to investing outside the PMA Network, ICS investments must be liquidated to prevent placements in excess of FDIC insured limits.

Additional Disclosures

All funds, and/or securities are located and safe kept in an account under the client's name at their custodial bank. Any non-DTC CD listed is located in the client's name at the respective bank. Any money market fund shares are held directly with the money market fund. It is recommended that any oral communications be re-confirmed in writing to further protect your rights, including rights under the Securities Investor Protection Act.

Debt Securities

Some debt securities are subject to redemption prior to maturity. In the event of a partial or whole call of a security, the securities call will be automatically selected on a random basis as is customary in the securities industry. The probability that your securities will be selected is proportional to the amount of your holdings relative to the total holdings. Redemption prior to maturity could affect the yield represented. Additional information is available upon request.

A financial statement of PMA Securities, LLC is available for inspection at its office or a copy will be mailed to you upon written request.

The individual reciprocating banks in which your funds are placed will not be identified on the confirmation as they may change daily. A list of individual reciprocating banks will be provided upon request. PMA monitors investment balances placed through the PMA Network. Any investment activity outside the PMA Network while using ICS may result in placements in excess of FDIC insured limits. ICS investments are limited to clients of PMA whose investments (excluding the client's local bank) are fully managed by PMA and utilize the PMA Network. If you make or intend to make investments outside the PMA Network, you are not eligible for this program and should advise PMA immediately. Prior to investing outside the PMA Network, ICS investments must be liquidated to prevent placements in excess of FDIC insured limits.

In the event of a partial or whole call of a security, the securities call will be automatically selected on a random basis as is customary in the securities industry. The probability that your securities will be selected is proportional to the amount of your holdings relative to the total holdings. Redemption prior to maturity could affect the yield represented. Additional information is available upon request.

Insured Cash Sweep Activity

Insured Cash Sweep (ICS) is an insured money market deposit account. ICS money balances are recorded under the "relationship bank" as shown above. The individual reciprocating banks in which your funds are placed will not be identified on the confirmation as they may change daily. A list of individual reciprocating banks will be provided upon request. PMA monitors investment balances placed through the PMA Network. Any investment activity outside the PMA Network while using ICS may result in placements in excess of FDIC insured limits. ICS investments are limited to clients of PMA whose investments (excluding the client's local bank) are fully managed by PMA and utilize the PMA Network. If you make or intend to make investments outside the PMA Network, you are not eligible for this program and should advise PMA immediately. Prior to investing outside the PMA Network, ICS investments must be liquidated to prevent placements in excess of FDIC insured limits.

Additional Disclosures

All funds, and/or securities are located and safe kept in an account under the client's name at their custodial bank. Any non-DTC CD listed is located in the client's name at the respective bank. Any money market fund shares are held directly with the money market fund. It is recommended that any oral communications be re-confirmed in writing to further protect your rights, including rights under the Securities Investor Protection Act.

Debt Securities

Some debt securities are subject to redemption prior to maturity. In the event of a partial or whole call of a security, the securities call will be automatically selected on a random basis as is customary in the securities industry. The probability that your securities will be selected is proportional to the amount of your holdings relative to the total holdings. Redemption prior to maturity could affect the yield represented. Additional information is available upon request.
