Federal Grants

- Special Education Consolidated Grant and ESSA Grant has been submitted

Policy Updates

- Intensity of Services Funding Model has started their data collection/transition year. We have submitted about 25% of the data for optional submission in August. The next requirement is 50% of the data due in October. New funding will not go into place until 2027-2028 school year.

Trainings

- Region 5 training for special education teachers on Intensity of Services model for PLAAFP/Goal/IEP requirements
- Goalbook- Program being piloted with elementary special education staff to support progress monitoring, goal setting and PLAAFP writing for alignment with the new Intensity of Services model .

Staffing

- Working with the principals on hiring paras to support an increase of student needs in our ABLE classrooms.

Contracted services
