Background Information:

Manor ISD is seeking to continue our contract with Region 13 to implement the LASO 4 LIFT Grant, which includes activities aligned to curriculum implementation, instructional leadership, and professional learning.

Manor ISD was awarded funding through the Texas Education Agency's LASO Cycle 4 Leadership and Instructional Foundations for Texas (LIFT) initiative. The grant provides support to strengthen district and campus instructional systems through high-quality instructional materials, professional learning, instructional leadership, coaching, and school improvement efforts.

The proposed contract with Education Service Center Region 13 will provide the required LIFT services, along with the LIFT Add-On for School Improvement PLC Support and School Improvement Curriculum and Instruction Support. Region 13 is a TEA-approved provider for all three initiatives and has been vetted by TEA to provide services aligned to the grant requirements.

Fiscal Implications:

The total cost of the agreement is \$1,323,705, utilizing state grant funds.

Administrative Recommendation:

Administration recommends approval of the agreement with Region 13 to provide curriculum implementation, instructional leadership, and professional learning services for Manor ISD for the 2026-2027 school year.

Motion Language:

I move that the board approve the agreement with Region 13 as submitted.
