Background Information:

Senate Bill 12 (SB 12), enacted by the 89th Texas Legislature, established an annual certification requirement for school districts under Texas Education Code (TEC) § 39.008. Each school district must certify to the Texas Education Agency (TEA) that it is in compliance with certain statutory requirements. The certification must be approved by a majority vote of the Board of Trustees at a properly noticed public meeting and submitted to TEA by September 30 each year.

The certification addresses district compliance with **TEC § 11.005**, relating to prohibited diversity, equity, and inclusion duties, and **TEC § 28.0022**, relating to certain instructional requirements and prohibitions. Administration has reviewed applicable district policies, procedures, programs, training, and practices and has taken steps to ensure compliance with these requirements. Employees and contractors have been notified via publishing of Board Policy, updates to the contractor agreement, and an email sent to all employees by the superintendent of schools.

The Board-approved certification must be submitted electronically to TEA through the AskTED system no later than September 30, 2026. This is an annual statutory requirement.

Fiscal Implications:

None. Administration did not identify any programs or services that required discontinuation as a result of the applicable statutory requirements; therefore, no cost savings have been identified.

Administrative Recommendation:

Administration recommends that the board adopt the certification as required by law.

Motion Language:

I move that the board consider and approve Certification of Compliance with Certain Laws under Texas Education Code 39.008, as enacted by Senate Bill 12 (89th Texas Legislative Session).
