Background Information:

Manor ISD has adopted the Lone Star Governance Model. As part of this model, the board will conduct a quarterly self-evaluation and adopt the results during an open board meeting. Trustees use the Lone Star Integrity Instrument (available online) to rate the school board's collective performance. The superintendent is then directed to average the scores to create the final self-evaluation document.

Fiscal Implications:

Motion Language (fill in the blank):

I recommend that the Board of Trustees approve the board's quarterly self-evaluation as presented.
