

Volunteer Of the Month - Ryan Vandecoeving

Neah-Kah-Nie High School would like to recognize Ryan Vandecoeving as the September Volunteer of the Month. Ryan is a proud Neah-Kah-Nie Alumni and has children that attend schools in the Neah-Kah-Nie School District. Over the past number of years, Ryan has never hesitated to jump in to support the school district with his time, equipment, and expertise. Most recently, Ryan has donated his time, equipment, and materials to continue to improve our baseball facilities located at the high school and the district office. Whether it is moving dirt, clearing the brush on hillsides, digging trenches, installing concrete barriers to store field material, trapping gophers or mowing the grass, Ryan is trying to provide the best opportunities and experiences for the students of the Neah-Kah-Nie School District, now and into the future.

Ryan has also volunteered his time coaching youth sports, most recently, within our youth baseball program, where the 7th/8th grade team were crowned district and state champions this summer!
