Dear Eugene Schmuck Foundation,

September 1, 2026

On behalf of the students, staff, and community at GGS, thank you for your generous contribution toward purchasing regulation tools for our sensory path and heavy work activities. We are deeply grateful for your investment in our school and our students.

This funding directly aligns with our ongoing professional development efforts focused on student self-regulation, sensory integration, and proactive behavioral support. By pairing our staff's training with these dedicated physical tools, we can now offer students structured, practical outlets to meet their sensory needs throughout the school day. These heavy work resources and sensory path materials provide essential opportunities for students to regulate their nervous systems, build focus, and return to their classrooms ready to learn and thrive.

Your generosity makes an immediate, tangible difference in the daily lives and academic success of our students. Thank you for your continued dedication to supporting local youth and empowering our school community.

With sincere appreciation,

Janmarie Nugent
