

September Board Report – Childcare

- We had our first fire drill this month and everyone did great. I purchased two wagons with seatbelts to help transport the babies outside.
- This month our units are Pets, Forest Animals, Community Helpers, Transportation and Fire Safety. I will be scheduling a day for the fire department and police officer to come and a bus from transportation.
- We are going to be going though Texas Rising Star again. Our goal is to do better than last year. We are currently at a 2 and working to be a 3. Our visit can be anytime between now and November.
- We are ready to go outside and use our new outdoor toys that we received from Texas Workforce.
