

LJSD Board of Trustees
Transportation Report - September 16, 2026
Summer Bilski - Transportation Director

- Trustee Grissom asked if we could notify Brookshire parents of the change in route numbers. We emailed Brookshire parents and also advised them by phone when we called to give them their schedules.
- Trustee Brodhead asked if we could route a different way for stops near Cloverleaf. We checked that area, and we wouldn't be able to route it backwards. All of our students would have to be forced to cross instead of being doorside. Part of his question was about our crossing traffic off of Hwy 53. Unfortunately, any way we route it, we would have to cross Hwy 53 to come back to the Barn.
- We are still getting registration finalized, as parents are still registering at this time.
- We are happy to welcome 2 new route drivers, Tom Schnieder and Tod Houston, and a Sub driver, Fred Hammond, to our Transportation Family.
- We are getting ready for some fundraisers, including Trunk or Treat and partnering with local vendors for these events.
