

Report to the School Board

September 14, 2026

By Elementary School Principal Dave Riebel

Strategic Priority 1: Student Success

- Welcome Back! Check it out!

Students and parents will be taking a look at the renovations as well as meeting their teachers for the upcoming year during the Meet and Greet conferences on September 14-15.

Strategic Priority 2: Effective Staffing

- Thank you staff!

A big thank you to our entire elementary staff for their efforts in getting our building ready. Construction is still taking place in many places in the building, but staff were able to clean rooms and cabinets, unpack boxes and refresh classrooms for the upcoming year. Patience was needed. Collaboration was needed. Our staff delivered and have more yet to do.

Strategic Priority 3: Finance

- Thank you Cardinal Foundation!

There are many new, comfortable staff chairs in front of desks throughout the Elementary School. Thank you to the Cardinal Foundation for adding these chairs to the upgrades of our building and district.

Strategic Priority 4: Facilities

- Thank you Dr. Hanson, Ms. West and Dashir.

It was determined that the weekend would be the best time to bring the moving company back. The goal for each room was to have their furniture pulled from the conex boxes and returned to the room. Then, all of the packed boxes from the cafeteria needed to be returned to the room. Dr. Hanson and Ms West provided lots of sweat and supervision to assist the moving company in accomplishing those tasks for the majority of the elementary. The Dashir team has finished up moving furniture and boxes back in. Thank you to all for the work!

Strategic Priority 5: Community Engagement

Cardinal Club kids provided the ribbon cutting. We are happy to share our new elementary playground with the community.
