September 2026 BOARD REPORT

Districtwide Technology

- 2025 State Testing results are available and have been distributed to building and subject level leadership. This data will be reviewed and revision curriculum discussions will begin to take place in the next month.
- Grades 6-12 Student Chromebooks are due for replacement the 2027-2028 school year. The process of selection will begin this fall. The Chromebooks in grades 1-5 were replaced the 2024-2025 school year.

Curriculum

- Grades K–8 recently changed to a different benchmarking and progress monitoring assessment software. The amount of individualized student data we are acquiring will allow us to focus better on gaps in prerequisite standards and provide more targeted interventions.
