

FIS School Board Report September 21st, 2026

Welcome Back Week

Welcome Back Week was a great way to start the school year. Staff had time to work in their classrooms, meet with their teams, and prepare for students to return. We also had some time to relax and enjoy lunch together with hot dogs and brats on the grill. It was new this year, but Foley Family Feud was a hit! It was great having everyone back in the building. We have an outstanding staff at FIS, and I appreciate all of the work they put in to make the start of the year a good one for our students.

First Week of School

It has been great having our students back! The first week went very well, and it was fun to see students reconnecting with friends and staff and getting back into the school routine. Our students have done a great job adjusting to their schedules, learning expectations, and getting settled into their classrooms. We are off to a good start and are looking forward to a great school year.

Starting the Year Strong

The first few weeks of school are a good time to get back into routines and build good habits. We are reminding students about the importance of getting to class on time, being prepared, staying organized, and asking for help when they need it. These are small things, but they can make a big difference as the school year moves along. Our staff will continue working with students to help them become more independent and responsible for their learning.

PBIS & SOAR

Our PBIS team is up and running for the year. During our staff meetings, we spent time reviewing our SOAR expectations: **Support, Offer Kindness, Achievement, and Respect**. During the first week of school, staff also reviewed expectations with students in different areas of the building. Taking the time to teach and review these expectations at the beginning of the year helps make sure everyone is on the same page.

FOLEY PUBLIC SCHOOLS

I.S.D. #51, Foley Public Schools
Foley, MN 56329

We will continue to use SOAR throughout the year to recognize positive choices and help create a welcoming and respectful school environment.
