Subject: September Board Report

September 2026 Board Report

Renaissance

We have successfully transitioned our benchmarking and progress monitoring platform from Aimsweb to Renaissance, unlocking a broader range of analytical and reporting tools.

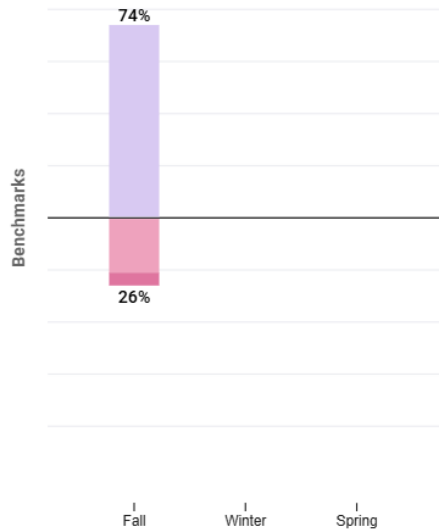

- **Kindergarten & 1st Grade:** Students were administered the FastBridge assessment, a 1:1 adult-led assessment. Key math components included numeral identification, quantity matching, and number sequencing. Reading components evaluated letter naming, letter sounds, onset sounds, and concepts of print.
- **Grades 2–8:** Students completed the Star assessment, a computer-adaptive test that dynamically adjusts difficulty based on student responses. Unlike our previous tools, Star provides direct visibility into student mastery of state standards alongside foundational skills, while also supporting Curriculum-Based Measures (CBMs) such as oral reading fluency.
