**SUBJECT:       APPROVAL OF COMMUNITY MEMBER FOR THE CONTINUING  
EDUCATION COMMITTEE**

**COMMENTS:**

The Continuing Education Committee is charged with organizing and approving continuing education for our staff. This committee plays a vital role in helping teachers meet the requirements for relicensure. The Continuing Education Committee's bylaws require this committee to have as part of its membership, one community member appointed by the School Board.

The Continuing Education Committee would like to appoint Susan Flicek as a new community member to their committee.
