SEPTEMBER

HES BOARD REPORT

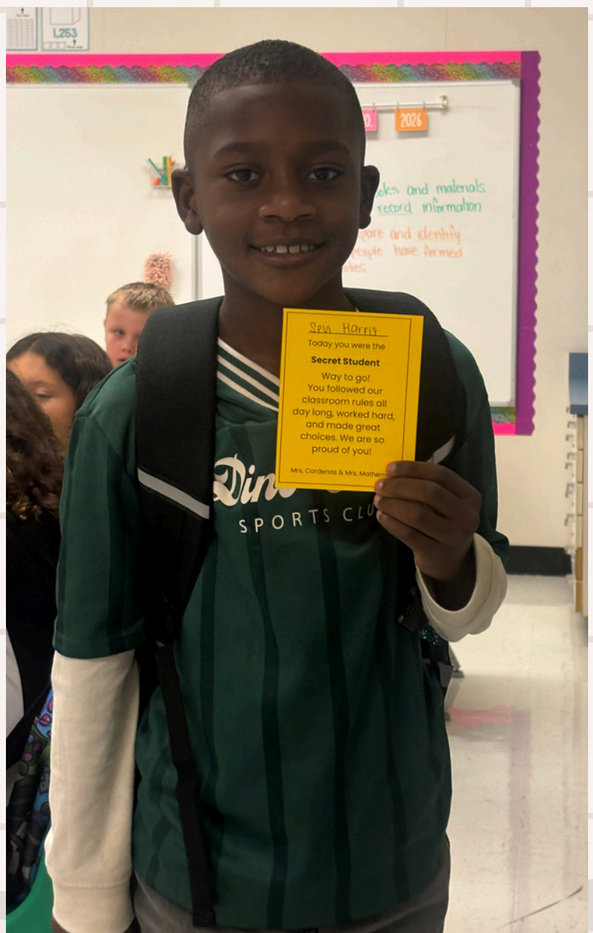

Current student enrollment: 588

Average Student Attendance Rate for August: 85%

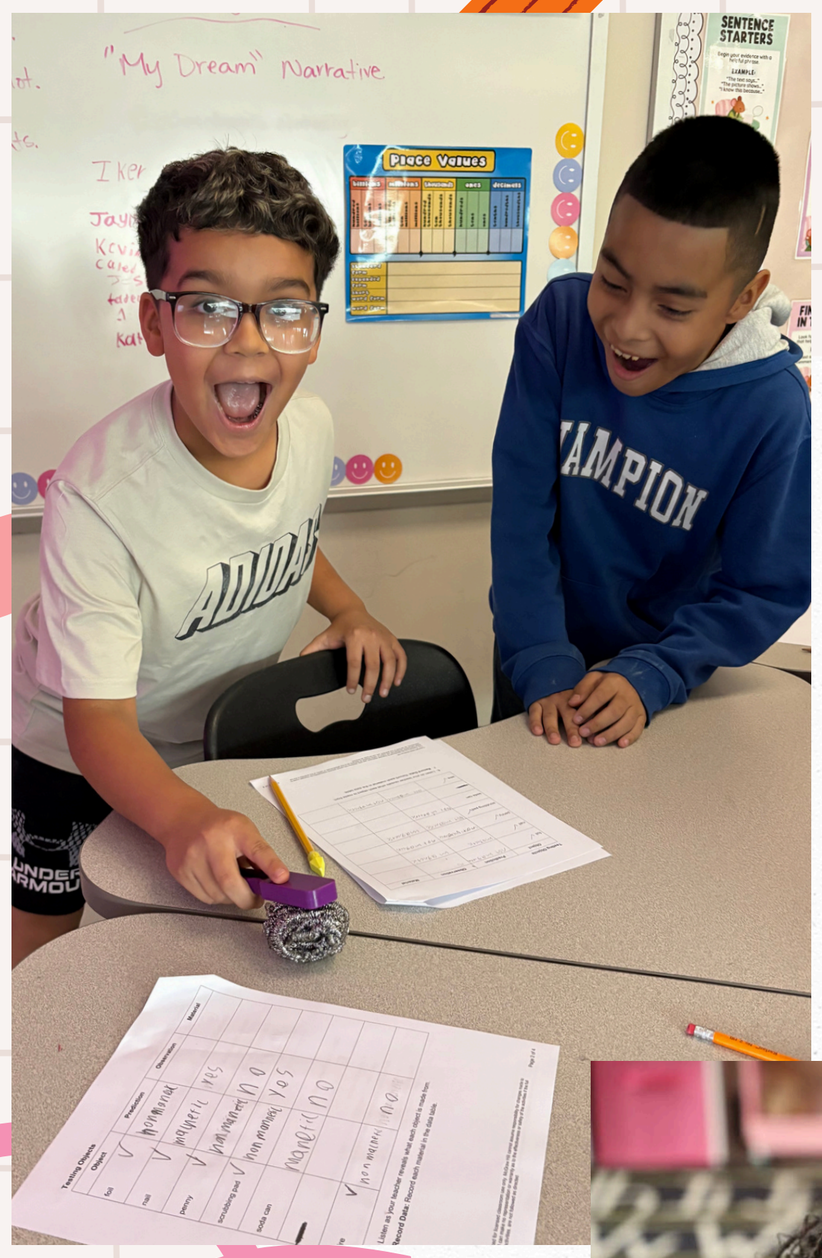

Average Staff Attendance Rate for August: 97%

HES has been off to a great start this year! There is lots of learning happening in every classroom. Our attendance has been low due COVID and flu, but we are pushing through and looking forward to a great year!

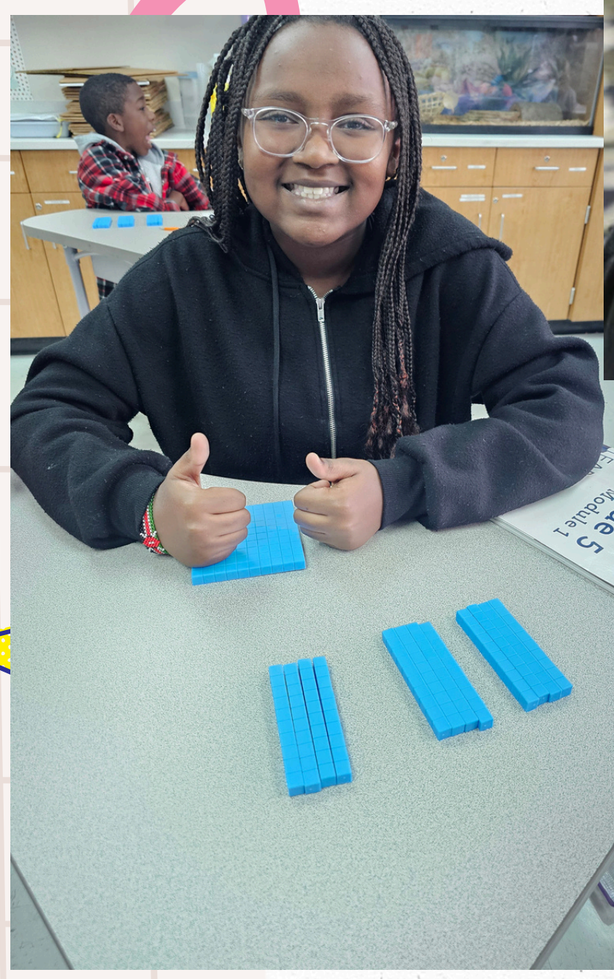

We are celebrating our move in accountability rating and very proud of our Emergent Bilingual scores in TELPAS and STAAR. We will have more data to share next month.
