Classroom Highlights

Pre-K

Our 1st day was September 8th. We are now in full swing, getting our routine down and adjusting well to our new Pre-K curriculum. I have a total of 3 students.

Elementary K-5

Great start to the school year! Kids are excited and ready to learn. We are setting up a schedule and routine with the students and understanding how to do stations and rotate around the room. Testing was hard, but the students did phenomenally! They answered the questions to the best of their ability and strived to do well. They love going to the library and picking out a book for the week. We have been reading a lot of John Jory books to model how to speak up for ourselves and treat others in school. Excited to see what this year holds for them.

Secondary

Secondary has gotten off to a great start in the curriculum so far. Middle school social studies is pushing through its second chapter as of the 17th. Overall, students are well-behaved and maintain a steady pace in the classroom. All follow expectations and classroom procedures.

LSAC Activity

Our first meeting is scheduled for Monday, September 21.

Professional Development

We started the year with New Teacher Inservice, helping our new staff get settled and ready for the year. Our regular in-services have also given teachers time to prepare, work together, and get ready for students. Thanks to everyone who helped put it all together!

Pupil Overall Enrollment Number and % Attendance # K-12

We have 4 Pre-K students and 18 students enrolled in K-12. We have had an 88.13% attendance rate to date.

Student and Staff Safety

Staff attended the FY27 Alaska School Safety & Well-Being Summit, where we picked up some new ideas and strategies for creating safer, more supportive schools for our students and staff.
