#### Community Ed Report- September 2026

- The Fitness Center is not ready to be open just yet. I have 7 current members right now. Too many people have not given back cards and it's been years of not returning them. Some expired members keep cards and say they will renew, but haven't yet. No one has bought a membership this school year yet, all are extended from construction.
- Made a community Ed first aid kit. Labeled and all.
- Elementary Flag football started up before school started for the year.
- Elementary Volleyball started practices the first week of school–15 students.
- Back to school night was Sept. 16th. Made a staff wall of, "When I was a kid". Shared Childhood photos of staff. Coloring contest for K-12. Posting completed pictures on the hall by the office. ECFE was advertised and a handful of families stopped by for information– trying to find better ways to advertise.
- Elementary Basketball will be advertised at the end of September.
- Possible Trunk or treat on mainstreet this year.
- The scholastic book fair is scheduled for conference time in November.
- The Annual Community Ed report was completed.

Any questions, concerns or ideas/suggestions please let me know.
