

## **BUILDINGS/GROUNDS & TRANSPORTATION REPORT**

**Date:** September 21, 2026  
**To:** Board of Education  
**From:** Jeff Stauder

### **BUILDINGS/GROUNDS**

#### **Facilities Committee**

The Facilities Committee met on September 3, the minutes are attached. Next meeting is TBD.

#### **Parking Lot**

I have a price from Moon Lawn Service to put a parking lot in next to the softball field. This lot will be 150 x 150 feet. This should give us around 60 parking spots. The cost for the dirt work is \$20,400.00. The District will be responsible for the rock. I anticipate the rock being another \$8,000 to \$10,000.

#### **Ten Year HLS Surveys**

We recently had BLDD do our ten year HLS inspections and I have attached the inspections for you to review> There is not too much that stands out, Most of the violations were at the Jr. High, which is to be expected, as it is our oldest school. We will look at these violations and do our best to correct them as soon as possible.

#### **District Office**

The renovation of the District Office is starting to wrap up. We will be painting soon and the new sign will be installed on 9-23-26.

I want to mention a few other things that have been going on. The softball field scoreboard will be installed sometime next week and then we should be finished up with that project.

The turf project on the baseball field is looking good and they should be wrapping up in the next few days.

There was also an issue with the PES outside lights and it has also been resolved.

I will also be getting in contact with the Contractors that are using our parking lot for parking and work out some form of rent to park there.
