Board Goals

Superintendent Albisu states that the Board has talked about setting goals and discussing what a new superintendent will look like. Chair Uptmor states that a 'Board Goal' the Board has discussed is getting a bond passed. Director of Finance Devin Collins discussed the PERS bond, which would be a resolution for the Board to sign off on in October. Superintendent Albisu states that the Board would need to decide how much they would like to go for the county bond. Also, Superintendent Albisu states that to start this process, we would start putting together a committee, as well as getting surveys out to the committee. Superintendent Albisu states that, as long as looking at the long-range facilities plan, as well as our budget, the district and Board want to stay in line with their goals. Therefore, we can plan for a special work session to discuss this with Mr. Bob Bennett, Director of Finance Devin Collins, and the Board.

Vice-Chair Apodaca states that the Work Session would be great so we can all discuss the plan as we move into a bond year. Director of Public Relations and Communications Taryn Smith states that once there is more information on the plan, we can start building a marketing kit as well. Superintendent Albisu states that Ms. Salazar will send out a 'Doodle Poll' so we can decide on a day and time for the work session. The Superintendent and the Board discuss some of the options available for districts when conducting a Superintendent Search. Both OSBA and COSA help with conducting a superintendent search, and Superintendent Albisu states she is willing to help mentor if the Board would allow that.
