Memorandum

To: Eden Prairie School Board

From: Dr. Josh Swanson

Date: September 28, 2026

Subject: Summary - District Policies

District policies are reviewed annually. Most changes occur following the legislative session, as updates to state law often require revisions to ensure compliance. The updates below primarily reflect those statutory changes.

Throughout the year, additional policy updates may be made based on changes in law, updates from the Minnesota School Boards Association, and guidance from our legal counsel. Under Policy Governance, the superintendent is responsible for the oversight and management of district policy, but outside entities require board approval via consent agenda.

I recommend the board approve the policies listed below as presented within the consent agenda. A brief summary of changes is provided in the table below, and the full policies are included in Appendix A of the board packet.

Policy #	**Policy Name**	**Notes for the Board**
533	Wellness	Updates to strengthen our policy while aligning with current district practices and MSBA recommended updates.
806	Crisis Management	Adds a section on Cardiac Response to meet legislative requirements passed in the last session and reflected MSBA recommended updates.
