

LAKE AND PENINSULA SCHOOL DISTRICT/SERIES 4000 - PERSONNEL

EVALUATION/SUPERVISION - CERTIFICATED PERSONNEL

BP 4115

Note: [AS 14.20.149](#) requires school districts to have a certificated employee evaluation system. The School Board is required to consider information from students, parents, community members, classroom teachers, affected collective bargaining units, and administrators in the design and periodic review of the system. The evaluation must be based on observation of the employee in the employee's work place. In addition, the law mandates a number of requirements for the system including the establishment of district performance standards, a minimum number of evaluations each year, the preparation and implementation of a plan of improvement, and opportunity for students, parents, community members, teachers, and administrators to provide information on the performance of the person being evaluated.

Department of Education and Early Development regulations require a district's certificated employee evaluation system to evaluate a teacher or administrator's performance on applicable professional content standards as exemplary, proficient, basic, or unsatisfactory. In addition, overall performance must be evaluated with these same four ratings. No later than ~~2015-16~~ school year **July 1, 2016**, ~~a teacher or administrator's performance evaluation for student learning data standards shall include an evaluation of actual student learning data~~ district shall adopt for teachers and administrators standards for performance based on student learning data. **4 AAC 04.205**. A district shall report to the department not later than September 15th of each year evaluation results as to tenured and non-tenured teachers, administrators and special service providers and performance levels, as prescribed in **4 AAC 19.055**. The Educator Evaluation regulations are found at [4 AAC 19.010-19.099](#).

The School Board believes that evaluations can provide important information relevant to employment decisions, ~~can~~ help staff improve their professional skills, ~~can~~ improve the effectiveness of instruction, and raise student achievement levels. In accordance with the district's certificated employee evaluation system, the Superintendent or designee shall evaluate certificated personnel annually, including teachers, administrators, and special service providers. The evaluation system shall evaluate whether the certificated employee is exemplary, proficient, basic, or unsatisfactory on applicable content standards and in overall performance. The district's certificated employee evaluation system will incorporate those procedures and mandates required by law.

The district shall provide in-service training to all certificated employees subject to the evaluation system. The training will assure inter-rater reliability and address the evaluation procedures, the standards used by the district in evaluating performance, and other information that may be helpful to a thorough understanding of the evaluation system.

Individuals conducting an evaluation must hold a type B administrator certificate or be a site administrator under the supervision of a person with a type B certificate, be employed by the school district as an administrator, and complete training in the use of the district's evaluation system.

A certificated employee has a right to ~~timely~~ comment **within 10 days** on the evaluation and may not be retaliated against for doing so.

The certificated employee evaluation system will be periodically reviewed. The district will consider input from students, parents, community members, classroom teachers, affected collective bargaining units, and administrators. The district will make a ~~copy of the evaluation instrument~~ **form, template, or checklist that the district uses in the evaluation of certificated employees** available to the public, including posting **the form, template, or checklist** on the district's website. The posting will explain how the district has considered the input of these groups in the design of the evaluation system.
