

BOARD REPORT

TECHNOLOGY

September 2026

I will be ordering Equipment from our OKAW budget. This gives us money to purchase equipment for our CTE classes.

I finished up inventory for items purchased last year for OKAW.

We enhanced our internet bandwidth to help support our wireless infrastructure.

We are working on adding new 2.5GB switches through our E-Rate program.

I added some new security cameras.

I am continuing to work on VLANs for wireless network.

We will be doing a practice run for all calling from every classroom.

We are continuing best practices for cyber security.

Maintain Strong Password Requirements

Maintain password policies in accordance with industry standards, NIST guidance (NIST Special Publication 800-63B), and the current threat landscape.

Implement Multifactor Authentication for all Staff

Implement multifactor authentication for all staff, remote access to the network, and all network administrators.

Limit Administrative Accounts to IT Professionals

Do not allow administrative access by users that are not IT professionals and part of the IT team

Phishing campaigns

I am working on adding additional battery backups on our switches.

I am going through all the classrooms to make sure everything is working properly and updating where we can.

I welcome any questions or comments from you. I can be reached at school at x2142, on the cell at 618-301-0487, or by email at laldridge@dupo196.org
