

I. PURPOSE

The purpose of this policy is to set forth methods that promote student wellness, prevent and reduce childhood obesity, and assure that school meals and other food and beverages sold and otherwise made available on the school campus during the school day are consistent with applicable minimum local, state, and federal standards.

II. GENERAL STATEMENT OF POLICY

- A. The school board recognizes that nutrition promotion and education, physical activity, and other school-based activities that promote student wellness are essential components of the educational process and that good health fosters student attendance and learning.
- B. The school environment should promote students' health, well-being, and ability to learn by encouraging healthy eating and physical activity.
- C. The school district encourages the involvement of parents, students, representatives of the school food authority, teachers, school health professionals, the school board, school administrators, and the general public in the development, implementation, and periodic review and update of the school district's wellness policy.
- D. Children need access to healthy foods and opportunities to be physically active in order to grow, learn, and thrive.
- E. All students in grades K-12 will have opportunities, support, and encouragement to be physically active on a regular basis.
- F. Qualified food service personnel will provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of students; try to accommodate the religious, ethnic, and cultural diversity of the student body in meal planning; and will provide clean, safe, and pleasant settings and adequate time for students to eat.

III. WELLNESS GOALS

- A. Nutrition Promotion and Education
 - 1. The school district will encourage and support healthy eating by students and engage in nutrition promotion that is:

- a. offered as part of a comprehensive program designed to provide students with the knowledge and skills necessary to promote and protect their health;
 - b. part of health education classes, as well as classroom instruction in subjects such as math, science, language arts, social sciences, and elective subjects, where appropriate; and
 - c. enjoyable, developmentally appropriate, culturally relevant, and includes participatory activities, such as contests, promotions, taste testing, and field trips.
 2. The school district will encourage all students to make age appropriate, healthy selections of foods and beverages, including those sold individually outside the reimbursable school meal programs, such as through a la carte lines, vending machines, fundraising events, concession stands, and student stores.
- B. Physical Activity
1. Students need opportunities for physical activity and to fully embrace regular physical activity as a personal behavior. Toward that end, health and physical education will reinforce the knowledge and self-management skills needed to maintain a healthy lifestyle and reduce sedentary activities, such as watching television;
 2. Opportunities for physical activity will be incorporated into other subject lessons, where appropriate; and
 3. Classroom teachers will provide short physical activity breaks between lessons or classes, as appropriate.
- C. Communications with Parents
1. The school district recognizes that parents and guardians have a primary role in promoting their children's health and well-being.
 2. The school district will support parents' efforts to provide a healthy diet and daily physical activity for their children.
 3. The school district encourages parents to pack healthy lunches and snacks and refrain from including beverages and foods without nutritional value.

4. The school district will provide information about physical education and other school-based physical activity opportunities and will support parents' efforts to provide their children with opportunities to be physically active outside of school.

IV. STANDARDS AND NUTRITION GUIDELINES

A. School Meals

1. The school district will provide breakfast and lunch each day in all schools through the United States Department of Agriculture (USDA) School Breakfast Program and National School Lunch Program. These meal programs are operated in full compliance with the USDA's regulations (<https://www.fnsusda.gov/school-meals/nutrition-standards>) ~~healthy and safe school meal programs that comply with all applicable federal, state, and local laws, rules, and regulations.~~
2. The school district will work to ensure families who qualify for free or reduced-priced meals complete the necessary state application so the students can receive these benefits. Applications will be sent home to all families and will be available on the district website. ~~Food service personnel will provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of students.~~
3. The school district will work with parents and guardians to resolve unpaid meal debt, including helping them determine if they qualify for free or reduced-priced meals. The district will not stigmatize or involve the student when there are unpaid meal balances; we do not identify these students at school and will continue to provide standard reimbursable meals.
4. In accordance with federal regulations, free drinking water (fountains or bottle fillers) will be available to all students during mealtimes.
5. The District and Food Service personnel will take the following steps to encourage participation in our meal program:
 - a. Conduct surveys of students and families to learn about their food preferences, including cultural and ethnic favorites
 - b. Conduct taste tests of new recipes to gather feedback prior to adding them to the menu
 - c. Prominently display unflavored milk, fresh produce and other healthy options in the cafeteria lines to encourage students to select them as part of their meal

- d. Aim to not schedule tutoring, club, or organizational meeting during the lunch period. If there is a lunchtime meeting, students are given time to first get their school lunch and consume it during the meeting.
 - e. Encourage local foods in school meals from businesses engaged in sustainable practices wherever possible. These foods will be promoted in our cafeterias.
- ~~3. Food service personnel will try to accommodate the religious, ethnic, and cultural diversity of the student body in meal planning.~~
- 4.6. Food service personnel will provide clean, safe, and pleasant settings in our cafeterias and adequate time for students to eat.
- 5.7. Food service personnel will take every measure to ensure that student access to foods and beverages meets or exceeds all applicable federal, state, and local laws, rules, and regulations and that reimbursable school meals meet USDA nutrition standards.
- 6.8. Food service personnel shall adhere to all applicable federal, state, and local food safety and security guidelines.
9. Schools will use an electronic ID system for meal purchases. This will protect the privacy of students who are receiving free or reduced price meals.
- ~~7. The school district will make every effort to eliminate any social stigma attached to, and prevent the overt identification of, students who are eligible for free and reduced-price school meals.~~
- 8.10. The school district will provide students access to hand washing or hand sanitizing before they eat meals or snacks.
- 9.11. The school district will make every effort to provide students with 10 minutes for breakfast and 20 minutes for lunch sufficient time to eat after sitting down for school meals and will schedule meal periods at appropriate times during the school day.
- ~~10. The school district will discourage tutoring, club, or organizational meetings or activities during mealtimes unless students may eat during such activities.~~

B. School Food Service Program/Personnel

1. The school district shall designate an appropriate person to be responsible for the school district's food service program, whose duties shall include the creation of nutrition guidelines and procedures for the selection of foods and beverages made available on campus to ensure food and beverage choices are consistent with current USDA guidelines.
 2. All Food and Nutrition staff shall receive annual training consistent with current USDA Professional Standards (<https://www.gpo.gov/fdsys/pkg/FR-2015-03-02/pdf/2015-04234.pdf>) ~~As part of the school district's responsibility to operate a food service program, the school district will provide continuing professional development for all food service personnel in schools.~~
- C. Competitive Foods and Beverages
1. All foods and beverages sold on school grounds to students, outside of reimbursable meals, are considered "competitive foods." Competitive foods include items sold a la carte in the cafeteria, from vending machines, school stores, and for in-school fundraisers. [There will be no exceptions or exemptions to these rules.](#)
 2. All competitive foods will meet the USDA Smart Snacks in School (Smart Snacks, <https://www.fns.usda.gov/tn/guide-smart-snacks-school>) nutrition standards and any applicable state nutrition standards, at a minimum. Smart Snacks aim to improve student health and well-being, increase consumption of healthful foods during the school day, and create an environment that reinforces the development of healthy eating habits.
 3. Before and Aftercare (child care) programs must also comply with the school district's nutrition standards unless they are reimbursable under USDA school meals program, in which case they must comply with all applicable USDA standards.
- D. Other Foods and Beverages Made Available to Students
1. Student wellness will be a consideration for all foods offered, but not sold, to students on the school campus, including those foods provided through:
 - a. Celebrations and parties. The school district will provide a list of healthy party ideas to parents and teachers, including non-food celebration ideas.

- b. Classroom snacks brought by parents. The school district will provide to parents a list of suggested foods and beverages that meet Smart Snacks nutrition standards.
 - 2. Rewards and incentives. Schools will not use foods or beverages as rewards for academic performance or good behavior (unless this practice is allowed by a student's individual education plan or behavior intervention plan) and will not withhold food or beverages as punishment.
 - 3. Fundraising. The school district will make available to parents and teachers a list of suggested healthy fundraising ideas.
- E. Food and Beverage Marketing in Schools
 - 1. School-based marketing will be consistent with nutrition education and health promotion.
 - 2. Schools will restrict food and beverages marketing to the promotion of only those foods and beverages that meet the Smart Snacks nutrition standards.

V. WELLNESS LEADERSHIP AND COMMUNITY INVOLVEMENT

- A. Wellness Coordinator
 - 1. The superintendent will designate a school district official to oversee the school district's wellness-related activities (Wellness Coordinator). The Wellness Coordinator will ensure that each school implements the policy.
 - 2. The principal of each school, or a designated school official, will ensure compliance within the school and will report to the Wellness Coordinator regarding compliance matters upon request.
- B. Public Involvement
 - 1. The Wellness Coordinator will permit parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators, and the general public to participate in the development, implementation, and periodic review and update of the wellness policy. [Invites to the Committee are posted on the website.](#)

2. The Wellness Coordinator will hold **at least two** meetings, **throughout each school year** ~~from time to time~~, for the purpose of discussing the development, implementation, and periodic review and update of the wellness policy. All meeting dates and times will be posted on the school district's website and will be open to the public.

VI. POLICY IMPLEMENTATION AND MONITORING

A. Implementation and Publication

1. After approval by the school board, the wellness policy will be implemented throughout the school district.
2. The school district will post its wellness policy on its website, to the extent it maintains a website.

B. Annual Reporting

The Wellness Coordinator will annually inform the public about the content and implementation of the wellness policy and make the policy and any updates to the policy available to the public.

C. Triennial Assessment

1. At least once every three years, the school district will evaluate compliance with the wellness policy, **using the WellSAT practice and policy tools (www.wellsat.org)** to assess the implementation of the policy and create a report that includes the following information:
 - a. the extent to which schools under the jurisdiction of the school district are in compliance with the wellness policy;
 - b. the extent to which the school district's wellness policy compares to model local wellness policies; and
 - c. a description of the progress made in attaining the goals of the school district's wellness policy.
2. The Wellness Coordinator will be responsible for conducting the triennial assessment.
3. The triennial assessment report shall be posted on the school district's website or otherwise made available to the public.

4. Based on the assessment findings, the district committee will suggest any needed updates to the policy to the school board and will create any needed implementation plans to ensure compliance with all elements of this policy.

D. Recordkeeping

The school district will retain records to document compliance with the requirements of the wellness policy. The records to be retained include, but are not limited to:

1. The school district's written wellness policy.
2. Documentation demonstrating compliance with community involvement requirements, including requirements to make the local school wellness policy and triennial assessments available to the public.
3. Documentation of the triennial assessment of the local school wellness policy for each school under the school district's jurisdiction efforts to review and update the wellness policy (including an indication of who is involved in the update and methods the school district uses to make stakeholders aware of their ability to participate on the Wellness Committee).

Adopted: 8/14/2012

Revised: 11/25/2019, 9/28/2026
