**Application for
Professional Development Opportunity
Browning Public Schools
2026-2027**

The goal of staff development is to improve achievement for Browning School students. Ideally, staff development should be sustained, intensive, of high quality, and involve as many staff and ultimately children as possible. Therefore, all staff members requesting professional development assistance are required to provide the following information:

Name: Irena Angare

Job Title: PCOP Director

Describe the type of professional development you are requesting. Include subject, area, concentration, dates and follow-up activities.

I am requesting to attend the National Association for the Education of Homeless Children and Youth (2026 NAEHCY Conference) to be held in Nashville, TN, on October 31st -November 03, 2026. I hope to acquire effective strategies and interventions to ensure educational equity and excellence for all students and families in our community.

Describe how this professional development activity will "improve (your) knowledge and skills, classroom instruction and student achievement."

I will attend several presentations that will enhance my awareness of homelessness, the resources available, and tools for identifying and eliminating student/family barriers inhibiting them from achieving a safe and appropriate education. I will also learn how we can better support our students and families who are experiencing homelessness and prevent dropout.

Describe how this professional development activity is tied to the goals of the District's Consolidated Plan/Strategic Plan or your building's School-wide Plan.

Students experiencing homelessness are faced with many issues that impede their ability to attend or even excel at school. By networking and attending informational presentations, I will gain information on how to eliminate students' individual barriers to receiving an appropriate education and improve overall attendance.

If the request requires out of district training, outline your plan to share what you have learned with other staff members and include a timeline.

I plan to distribute the information gained from this training with all school buildings during PT opportunities, through district email, and during each interaction with students and staff thereafter.

If this request involves use of funds, please attach the appropriate school district requisition and/or leave/travel request with itemized expenses. In State travel requests are due 2-weeks in advance. Out of State requests are due 30-days in advance. All travel must be approved by the Principal/Director and/or Supervisor. In State Travel must be approved by the board if 24 hours or overnight for administrators; both must be approved by the board if out of state.
