

Craig Elementary School

CES - AK STAR Results 2026

Overall Performance Grades 3-5 (Enrollment: 50)

- **3rd – 5th English & Language Arts (90% Participation):**
 - 33.33% (15-students) Advanced/Proficient
 - Decreased from FY25 @ 47.92% (23-students)
 - 66.67% (30-students) Approaching Proficient/Needs Support
 - Increased from FY25 @ 52.08% (25-students)
- **3rd – 5th Mathematics (90% Participation):**
 - 51.11% (23-students) Advanced/Proficient
 - Decreased from FY25 @ 56.25% (27-students)
 - 48.89% (22-students) Approaching Proficient/Needs Support
 - Increased from FY25 @ 43.75% (21-students)

CES - AK Science Results 2026

5th Grade Performance (Enrollment: 16)

- **5th Science (81.25% Participation):**
 - 61.54% (8-students) Advanced/Proficient
 - Decreased from FY25 @ 71.43% (10-students)
 - 38.46 (5-students) Approaching Proficient/Needs Support
 - Increased from FY25 @ 28.57% (4-students)

Craig Middle School

CMS - AK STAR Results 2026

Overall Performance Grades 6-8 (Enrollment: 45)

- **6th – 8th English & Language Arts (93.33% Participation):**
 - 35.71% (15-students) Advanced/Proficient
 - Decreased from FY25 @ 46.94% (23-students)
 - 64.29% (27-students) Approaching Proficient/Needs Support
 - Increased from FY25 @ 53.06% (26-students)
- **6th – 8th Mathematics (93.33% Participation):**
 - 23.81% (10-students) Advanced/Proficient
 - Decreased from FY25 @ 29.17% (14-students)
 - 76.19% (32-students) Approaching Proficient/Needs Support
 - Increased from FY25 @ 70.83% (34-students)

CMS - AK Science Results 2026

8th Grade Performance (Enrollment: 16)

- **8th Science (81.25% Participation):**
 - 30.77% (4-students) Advanced/Proficient
 - Decreased from FY25 @ 40% (8-students)
 - 69.23% (9-students) Approaching Proficient/Needs Support
 - Increased from FY25 @ 60% (12-students)

Craig High School

CHS - AK STAR Results 2026

9th Grade Performance (Enrollment: 26)

- **9th English & Language Arts (96.15% Participation):**
 - 28% (7-students) Advanced/Proficient
 - Decreased from FY25 @ 33.33% (4-students) Advanced/Proficient
 - 72% (18-students) Approaching Proficient/Needs Support
 - Increased from FY25 @ 66.67% (8-students)
- **9th Mathematics (96.15% Participation):**
 - 32% (8-students) Advanced/Proficient
 - Results could not be published from FY25 without releasing PII.
 - 68% (17-students) Approaching Proficient/Needs Support
 - Results could not be published from FY25 without releasing PII.

CHS - AK Science Results 2026

10th Grade Performance (Enrollment: 17)

- **10th Science (94.12% Participation):**
 - 43.75% (7-students) Advanced/Proficient
 - Results could not be published from FY25 without releasing PII.
 - 56.25% (9-students) Approaching Proficient/Needs Support
 - Results could not be published from FY25 without releasing PII.

PACE Statewide Correspondence Homeschool

PACE - AK STAR Results 2026

Overall Performance Grades 3-9 (Enrollment: 195)

- **3rd – 9th English & Language Arts (1.03% Participation):**

***Results cannot be published without releasing personally identifiable information.

- **3rd – 9th Mathematics (1.54% Participation):**

***Results cannot be published without releasing personally identifiable information.

PACE - AK Science Results 2026

5th, 8th, & 10th Grade Performance (Enrollment: 86)

- **5th, 8th, 10th Science (1.16% Participation):**

***Results cannot be published without releasing personally identifiable information.

Key Takeaways

Strengths

CCSD's brick-and-mortar schools demonstrated strong assessment participation, providing meaningful data to guide instruction and student support. Elementary students showed notable strengths, especially in Mathematics and 5th grade Science, while ELA remained a relative strength across the District, providing a solid foundation for continued student growth.

Areas of Growth

Overall, CCSD has opportunities to strengthen student movement toward the Advanced/Proficient range, with Mathematics and secondary achievement providing areas for continued focus. Using AK STAR results alongside classroom evidence can help identify specific skills to reinforce, monitor progress, and provide targeted support, while increasing assessment participation at PACE will provide a more complete picture of student performance.

Important Considerations When Reviewing Student Assessment Data

- All CCSD AK STAR and Science Student Assessment Data was taken from Alaska's Department of Education & Early Development 2026 Student Assessment Results Webpage: <https://education.alaska.gov/assessments/results/results2026>
- The percentage of students at each achievement level only includes students who participated in the content assessment.
- Enrollment is the number of students enrolled in a district or school on the first day of the test window. The count of students proficient and not proficient may not equal the enrollment number.
- *** Means that results cannot be published without releasing personally identifiable information.

Additional Information

No results will be reported if less than five students total are tested.

If either proficiency level contains zero, one, or two students, the number of students will be eliminated and the percentage of students at each achievement level will be reported as a range. If both achievement levels contain at least three students, the exact percentage of students at each achievement level will be reported. Ranges will be reported according to the table below.

Number of Students Tested	Achievement Level Range
5	60% or more proficient (or not proficient) 40% or fewer not proficient (or proficient)
8	75% or more proficient (or not proficient) 25% or fewer not proficient (or proficient)
10	80% or more proficient (or not proficient) 20% or fewer not proficient (or proficient)
20	90% or more proficient (or not proficient) 10% or fewer not proficient (or proficient)
40 (or more)	95% or more proficient (or not proficient) 5% or fewer not proficient (or proficient)
