Budget Utilization Task Force

DeSoto ISD is committed to responsible stewardship of taxpayer resources. We are launching a **Budget Utilization Task Force** to conduct a comprehensive review of the district's assets, facilities, equipment, and resources — ensuring they are used efficiently and aligned with our strategic priorities and student outcomes.

What the Task Force Will Do

- Evaluate current utilization and value of district-owned assets
- Identify underutilized, obsolete, or surplus property and equipment
- Assess opportunities to repurpose resources to support district needs
- Recommend assets for sale, auction, transfer, or disposal
- Explore strategies to maximize efficiency and generate cost savings or revenue

How to Join

The task force will include representatives from various departments and stakeholder groups to provide diverse perspectives throughout the review process.

We are seeking engaged community members, staff, and stakeholders who want to help shape a thoughtful, transparent, and strategic approach to asset management — positioning DeSoto ISD for long-term financial sustainability.
