

District Recognitions

Third Friday Count

The District completed its annual Third Friday Count on September 18. Staff continue to verify enrollment and follow up with students who have not yet been confirmed as attending. Thank you to the Student Enrollment and School Services Department and the attendance teams at each building for their work to ensure accurate and complete enrollment data.

School Supply Donations

Thank you to Roman Electric, Jenny Rae Sturgill, and Select Specialty Hospital for their generous school supply donations. Each contributed individually, providing a variety of essential items, including backpacks, notebooks, tissues, and other classroom supplies. These donations have been put to use supporting students and classrooms throughout the district. We appreciate their generosity and commitment to helping ensure our students and staff have the resources they need.

Greenfield Avenue Presbyterian Church Donation

As Greenfield Avenue Presbyterian Church concludes its 100 years of ministry in the West Allis community, the congregation has chosen Hoover School once again as the recipient of a closing donation. Church leadership shared that they wanted to invest in organizations that reflect their mission and values. They expressed confidence that Hoover School will continue serving as a beacon of hope and support for students and families in the West Allis and surrounding communities. The congregation will merge with Forest Park Presbyterian Church in New Berlin.

First Student Voice Meeting

Last Friday was our first Student Voice meeting of the school year. We are looking forward to continuing our monthly meetings and having student representation at Board Meetings.
