Monthly Financial Summary
Notes on Variances and Other Comments
August 31, 2026

Notes

- 1 Monthly revenue and expenditure projections are not maintained as part of this report for the funds not included in the state budgetary process. Revenue is posted as earned and expenditures are processed as items are received and/or projects reach completion in compliance with regulatory basis accounting principals.
- 2 In a typical month, we expend more than we receipt given the nature of our funding cycle. The exceptions to this generality are the months when we receive the property tax distributions - June and December.
- 3 Clearing account transactions have been added to this report in both the current month and 2026 year-to-date columns. These amounts are not included in the prior year year-to-date amounts and skew the comparison for that line item. However, inclusion of these transactions in 2026 data ensures full transparency with updated reporting and auditing standards. This amount does not materially alter ending balances in total, but does provide a complete picture of our cash standing in its entirety.

Transfer Report

8/31/2026 Transfer from Education Fund to the Operations Fund as authorized during the 2026 Budget Process. The transfer for this month is \$755,000 representing the estimated monthly transfer to ensure an annual transfer total in accordance with the board approved amount.
