

## **Tikiġaq School CSAC Report for September 2026**

The Tikiġaq School CSAC met informally and individually since most members of the CSAC were out of town for most of August and September 2026. Three individual meetings were held with CSAC member Rex Rock, two individual CSAC meetings were held with CSAC President Ryan Rock, and two shorter meetings were held with outgoing CSAC member Hazel Oktollik. The two other CSAC members are not currently in Point Hope.

Topics discussed and addressed included:

- New curriculum & instruction materials, pacing guides, and streamlining of materials and content within the NSBSD
- The impact of the pacing and instructional materials on Tikiġaq learners
- The new teachers at the school settling in and any general staffing issues, which are no guidance counselor and no interventionists
- Tikiġaq Corporation possibly helping sponsor a Kaladi Brothers Coffee stand at Tikiġaq
- Reviewing rules and regulations with athletes
- CSAC President Ryan Rock meeting Superintendent Santos during her visit in August
- Safety concerns with staffing and Deputy Superintendent Bolen approving motion spotlights and RingCams for single dwelling homes for added security
- The likely approval of four new outdoor cameras for the back of Tikiġaq School
- The cyber attack and need for updated keyfobs and keys for police and fire officials
- The PM soon to be receiving a new truck with a plough
- The need for Tikiġaq School to publicly recognize recent retirees from the M&O Department
- Concerns about Barrow athletes being given preferential treatment over village athletes, including more opportunities and clubs, such as wrestling and cheerleading when Tikiġaq School has the second most populated school in the NSBSD
- The need for monthly meetings to be formally scheduled and held, even if no one is able to attend in person for documentation purposes
