Administrative Considerations:

The Targeted Improvement Plan for Friendship Elementary and Heritage Elementary is aligned to the Effective School Framework (ESF) and includes the following key actions:

- Participation in Region 11 training focused on TIP development and implementation using the Effective School Framework protocols.
- Engagement in the Effective School Framework diagnostic process to identify priority areas for growth.
- Identification and selection of two to three priority areas to focus on improvement efforts and increase student performance outcomes.
- Ongoing weekly data review meetings involving district and campus administration to monitor progress and adjust support as needed.
- Regular instructional walkthroughs and feedback cycles conducted by campus administration to strengthen instructional practices and ensure fidelity of implementation.
- District administration will continue to monitor implementation, provide targeted support, and review progress throughout the year in alignment with TEA requirements.
