

New Braunfels Independent School District Board of Trustees Document

Meeting Date: October 19, 2026

Agenda Item: Discussion of Weight Room Equipment for New Braunfels High School Phase 2A

Background Information:

As part of the 2024 Bond Program, voters approved funding for the construction of a replacement campus for New Braunfels High School. Phase 2A of the project includes the construction of a three-story academic building. The high school programming includes a large weight room designed to support UIL sports and the student-athletes participating in each sport.

The Athletic Department and campus identified the equipment needed for the weight room. Specifications were prepared, and pricing was obtained from multiple vendors through a purchasing cooperative.

Proposals were received from four companies offering a complete equipment package. The proposals were evaluated based on warranty, quality, reputation, and price. Based on the evaluation, Power Lift received the highest ranking, with a total cost of \$387,755.18 for equipment, delivery, and installation.

Budgetary Considerations:

Expenditure:

- | | |
|-------------------------------------|------------|
| ☐ | Recurring |
| ☐ | One-Time |
| ☒ | Budgeted |
| ☐ | Unbudgeted |

Funding Source:
