Customer Responsibility

Acceptable Use of the Services with a view of ensuring the integrity, security, reliability and privacy of the City of Chanute's network, systems, products, services, server hosting facilities and data contained therein (collectively, the "Chanute Infrastructure"). All users of the Chanute Infrastructure are required to comply with this policy and all applicable laws and regulations in full, in addition to all terms and conditions of applicable agreements, and any additional policies that may be applicable to a specific service offered by Chanute, as well as for providing assistance to the City of Chanute in investigating and resolving any issue. Customers of the City are responsible for immediately reporting to the City of Chanute any issue that could compromise the stability, service or security of any user or system connected to the Chanute Infrastructure.

Customer Acceptance

The Service(s) including any hardware and/or software set forth in this Service Order is/are ordered by Customer and shall be incorporated into and governed by the terms and conditions contained in this Service Order and the Acceptable Use Policy of the City of Chanute.

Customer's representative signing below hereby acknowledges and agrees that in the event that Customer does not issue a purchase order prior to the requested service date, this Service Order shall serve as Customer's purchase order. Customer further acknowledges that any additional or conflicting terms and conditions contained in Customer's purchase order shall not be applicable to the services to be provided hereunder, even if the City of Chanute uses such purchase order for invoicing purposes. Acceptance of the Service Order is subject to City of Chanute credit approval.

The parties hereto, each acting with proper authority, have executed this Service Order as of this _____day of _____, 20___.
