Board Recognition

For Meeting: Monday, October 19, 2026

Morales Junior High Custodial Team

We are proud to recognize the custodial team at Morales Junior High for their outstanding commitment to our students, staff, and campus.

Every day, this team works behind the scenes to keep Morales Junior High clean, safe, and ready for learning. That work alone deserves our gratitude. But this team has chosen to go above and beyond by carrying that same pride outdoors, to the green spaces that make the Morales campus such a welcoming place.

Thanks to their care and attention, students and staff can enjoy:

- The library courtyard, a peaceful space for reading, reflection, and conversation
- The KABOOM Butterfly Garden and play space, where students can connect with nature and enjoy time outdoors
- The rock fountain, a centerpiece that adds beauty to the campus
- The green spaces where students play football during lunch, giving them room to be active, build friendships, and recharge for the rest of the school day

These spaces don't stay beautiful by accident. They reflect hours of thoughtful work, a sharp eye for detail, and a genuine love for this campus and the people in it. Because of this team, the outdoor areas extend the classroom: places where students feel safe, welcome, and proud of their school.

The Morales Junior High custodial team:

Francisco Perez, head custodian
Juan Trevino
Candelario Saldana
Raquel Arroyos
