Re: Sinking Fund Summer 2026 Update

We would like to update the board at Monday's Board of Education Committee of the Whole meeting on the 2026 Summer Sinking Fund Projects. Paul Theriault and Collin Frink, Plante Moran Realpoint, will be discussing the recent projects that have been worked on this summer. They will also present the 3-year look ahead for 2027, 2028, and 2029 projects.

The following projects from the summer of 2026 will be highlighted during their presentation:

Roofing Projects

- Buchanan Elementary School
- Cooper Upper Elementary School
- Franklin High School Competition Gym
- Hoover Elementary School

Paving Project

- Central Office

Water Main Project

- Coolidge Elementary School

Other Projects

- Central Office Monument Sign
- Pool Filtration upgrades at CHS and FHS.
- Central Office Generator (in progress)

- Marshall Razing (LPS-lead project)

All projects were completed in alignment with the district's long-term facility maintenance plan and funded through the voter-approved Sinking Fund.

Thank you.

c: Board of Education
