

SOUTH SAN ANTONIO INDEPENDENT SCHOOL DISTRICT

Agenda Item Summary

Meeting Date: October 19, 2026

Agenda Section: Consent

Agenda Item Title: Pearson Digital Assessment Library For Schools (DALs)

From/Presenters: Dr. Jennifer Gutierrez, Deputy Superintendent

Description: The Special Education Department will transition to Pearson's Digital Assessment Library for Schools to support the evaluation of students receiving or being considered for special education services. The digital library provides evaluators with unlimited access to more than 40 standardized assessments through Q-interactive® and Q-global®, including commonly administered instruments such as the WISC®-V, BASC™-4, KTEA™-3, Sensory Profile™ 2, CELF®-5, and other assessments utilized by school psychologists, educational diagnosticians, speech-language pathologists, and related service providers. The platform provides digital administration, immediate scoring, and automated scoring features that reduce time associated with manual scoring and calculations while supporting accuracy and consistency. This will be an ongoing annual cost.

Historical Data: South San Antonio ISD has historically relied primarily on paper-based assessment materials, requiring individual protocols and record forms to be purchased and maintained based on anticipated evaluation needs. Moving to the Digital Assessment Library modernizes this process by removing limitations associated with maintaining inventories of individual paper protocols and provides evaluators greater flexibility to select assessment instruments based on each student's individual evaluation needs. This transition is also consistent with the broader shift in school-based evaluation practices across the country toward digital assessment administration, with many area school districts having previously transitioned to digital assessment platforms. The shift will allow District evaluators to spend less time on administrative assessment tasks and more time on data interpretation, report development, and comprehensive evaluation of student needs.

Recommendation: Approve the purchase of the Pearson Digital Assessment Library For Schools (DALs) for Special Education evaluations.
