

Molalla School District 103

Code: KNA

Adopted:

Immigration Enforcement on District Property

The district cooperates with local, state, and federal law enforcement authorities acting within their lawful jurisdiction and consistent with state and federal law, including Oregon Revised Statute (ORS) 180.805 and ORS 181.826. In accordance with this Board policy and the accompanying administrative regulation, district staff shall comply with valid judicially authorized warrants, subpoenas, and court orders. Absent a judicially authorized subpoena, warrant or court order, district staff must not allow federal immigration authorities access to the district's records or facilities not open to the public for the purposes of immigration enforcement and must verify the validity of any subpoena, warrant or court order involving immigration enforcement presented to them by federal immigration authorities to ensure it is judicially authorized. The district will provide ongoing training to designated staff to ensure compliance with this policy. This policy will be made available in the student handbook and on the district's website.

Designation of Primary Point of Contact

The superintendent or assistant superintendent must review and approve any response to a request involving immigration enforcement, in consultation with the district's legal counsel.

Staff Response to Immigration Enforcement Efforts

Staff should immediately report to the superintendent or assistant superintendent, if they receive a request related to immigration enforcement. The superintendent or assistant superintendent will then interact with the federal immigration authorities until the matter is concluded.

Required Notice

When a federal immigration authority is reported to have entered school property for the purpose of immigration enforcement, the superintendent or assistant superintendent shall confirm the report and provide the required notice as follows:

1. Notice must be provided to:

- a. Students who attend the school where the federal immigration authority is confirmed to be on school property for immigration enforcement and who are in grades 6 and above;
- b. Parents or guardians of students attending the school where the federal immigration authority is confirmed to be on school property for immigration enforcement;
- c. Staff of the school where the federal immigration authority is confirmed to be on school property for immigration enforcement; and
- d. Community-based service providers that have requested to receive notice when a federal immigration authority is confirmed to be on school property for immigration enforcement. Community-based service providers can request to receive such notifications by contacting the district office.

2. Notice must include:

- a. The general location of the federal immigration authority; and
- b. Whether classes or school operations were affected by the presence of the federal immigration authority.

3. Notice must not disclose:

- a. Personally identifiable information;
- b. Other information that may not be legally disclosed; or
- c. Other information when the disclosure may threaten the health or safety of students or staff of the district or is prohibited by a court order.

The required notice will be provided as expediently as possible using existing methods used for providing electronic communications. Unless otherwise prohibited by law or court order, the district will make reasonable efforts to provide notice to a student, or to the parent of guardian of a student, when the district has provided information related to the student to a federal immigration authority.
