

High School Principal Report

October 2026 Board Meeting

Monthly Projects/Accomplishments

1. We successfully completed our Homecoming week of activities a few weeks back. Overall, it was an extremely successful week regarding overall participation, and the feedback has been very positive from staff/participation, are very proud of our staff and students' efforts during this week as we celebrate Bronco Nation. We would like to thank Mrs. Shaw and Ms. Giesick for their countless hours they put in to pull off this long week.
2. Our recent professional learning and Data Day work also provided staff with time to examine student learning and continue work on curriculum mapping. Departments are working to develop and refine curriculum maps that will help provide greater consistency and clarity in what students are learning across courses and grade levels.
3. We have seen a strong start to attendance this year, which is encouraging. We continue to emphasize that regular attendance is one of the most important factors in student success. Our message to students remains consistent: being present, engaged, and ready to learn every day matters.

	09	10	11	12	All Grades
August	95.01%	95.16%	95.00%	90.41%	93.90%
September	91.88%	92.69%	93.96%	88.47%	91.75%

4. We have completed our first round of Success Skills Celebration. A review of this will be given in person.

5. Mrs. Pierce provided Parent Seminars during our first Parent Teacher Conference night, and feedback was positive. Her focus sees this time around was on freshman and senior parents as they prepare items or events that will come up during the school year. She plans to continue this program with other target groups later this year.
6. Mr. Lundstrom has been working diligently in adjusting expectations in our Alternative Education Program, and we have seen student engagement extremely high. All 5 students are currently on track in the program, and we will continue to work with them to achieve their goals of graduation this spring.
7. NHS had their induction this past month in the new performing arts center which went extremely well. We want to thank Mrs. Kreps for her effort year in and out with this program.

Items We are Working on or Monitoring

1. We are in full swing with our teachers in the Randa evaluation system at this point of the school year.
2. With the end of the quarter later this week we have continued to do our final schedules and look forward to seeing how our students finish strong in the coming days.
