DATE: October 7, 2026

TO: Andrea Oquist

FROM: Theresa O'Brien, Chief Academic Officer

SUBJECT: M-STEP, PSAT and SAT Results

I am requesting to be placed on the agenda for the Committee of the Whole meeting on October 12. I will be sharing the results of our state testing from spring of 2026. We are will be looking at the areas of focus and improvement and our rankings within the Tri County. I look forward to sharing all the test results but here are some areas of highlights:

- All the scores in areas tested in grades 3-11 in ELA, Math, Science and Social Studies are above the State average.
- All ELA and math scores are all in the top 20% in the tri-county.
- Eighth and eleventh grade science and social studies scores are all in the top 20% in the Tri-County.
