Expense Reimbursement for Out-Of-District Travel

It is the practice of the Board to provide reimbursement of expenses incurred by all personnel performing duties and services on behalf of the district. Such expenses must be in accordance with district guidelines and statutes and be duly authorized by the appropriate supervisor. Frequent flyer miles earned by employees through purchases made by the district are to be used for business purposes only. Record keeping is the responsibility of the employee.

The district will provide for necessary job related transportation costs either through the provision of mileage reimbursement for use of personally owned vehicle, or through payment of common carrier fares.

Request for Travel

A travel advance and expense report form (28-TAER) must be completed and be approved by the employee's immediate supervisor and/or the division head before any out-of-district travel can be confirmed. A group that is traveling together may use one form as long as the travel advance and reimbursement are payable to only one person. That person has complete responsibility for reporting expenses.

Automobile Mileage Allowance

An employee may find it necessary to use his/her private automobile to conduct out-of-district school district business. Such use should occur only with the knowledge and approval of the appropriate supervisor. Reimbursement for actual miles traveled on school district business shall be calculated at the currently approved IRS rate per mile. Insurance, operational, and maintenance expense are included as part of the driver's allowance. Only those miles actually traveled in connection with school district business may be claimed. Ordinarily, automobile reimbursement will not exceed commercial coach airfare.

Insurance Cost

It is the responsibility of the owner or driver of the car to make certain that the vehicle is covered by personal liability and property damage insurance as required by Oregon State Law. District collision and liability insurance covers the business use of a rental vehicle.

Travel Advance

A request for travel advance may be made by completing the left side and the lower portions of the travel advance and expense report form (28-TAER). Both estimated costs and the amount of advance requested are to be noted, and upon approval, the immediate supervisor will submit the original copy of form 28-TAER to the business office. The cost of travel tickets will not be included in a cash advance but will be paid directly to the travel agent of record through the district's account.

Travel Accounting – General Instructions

Immediately following return from travel, the employee will complete and submit the second copy of

Form 28-TAER to the business office. If the completed report is less than the travel advance, the difference must be returned to the business office with the report. If expenditures are in excess of the cash advance, reimbursement will be made within 15 days after the approved report is received.

Receipts required as follows:

1. All lodging expenses claimed. Lodging shall be at a reasonable commercial rate.
2. Expenses for meals, including gratuity, which exceed breakfast (\$6.00), lunch (\$7.00), and dinner (\$20.00). No receipts are required if expenses do not exceed these amounts.
3. Registration, conference, and workshop fees if not paid in advance by the district.
4. When it is necessary to rent a car, a copy of the rental agreement is to be attached to the travel expense report.
5. Expenses which consist primarily of the cost of furnishing meals require a statement identifying guests by name, the organization affiliation, if any, and the business discussed.

In the absence of a receipt, a signed statement of expenses attesting to the amount and purpose of the expenditure may be submitted for the aforementioned and other expenses including toll charges, parking fees, tips, and business related expenses not elsewhere specified. Other non-business related expenses are not reimbursable.

Combining Official and Vacation Travel

When official and vacation travel are combined, delineation of costs are to be determined with the supervisor prior to the trip.

Travel By Air

Travel by air should be conducted in the most expeditious and effective way. Economy, coach, tourist fare, or other similar accommodations should be used for all airline travel. Any circumstances (i.e., emergency, availability, etc.) necessitating first-class air travel must be explained on a separate sheet and accompany the travel expense report. Airline reservations will be made by designated district staff. If an individual decides to drive rather than travel by air, the lesser of the mileage or air costs, as determined by the district, will be provided.

Travel & Miscellaneous Expenses Paid By Others

If both the district and an outside organization make payment, the employee must reimburse the district for any duplicate payment.

Credit Cards

The district may wish to assign a district-owned credit card for expenses to an employee when he or she is traveling. Such an assignment will be made by the business manager when it is deemed appropriate.

As used in this regulation an “ordinary” expense means one that is common and accepted in the profession; a “necessary” expense means one that is essential and appropriate in order to conduct district business. Reimbursement procedures established by the district will also apply to Board members traveling on district business, as applicable.

Out-of-State Travel

Out-of-state travel requires prior approval from the Superintendent or designee.

Insurance Coverage

1. Insurance costs are included as part of the mileage reimbursement for employees authorized to use a private vehicle to conduct district business. It is the responsibility of the owner or driver of the vehicle to be certain that the vehicle is adequately covered by insurance in accordance with Oregon statutes.

The employee’s insurance coverage provides primary coverage when the employee is driving the employee’s own vehicle on approved district business.

Meals and Meetings

1. Reimbursement will be made for ordinary and necessary meal expenses incurred in the course of approved travel for district business. Meals include amounts spent for food, beverage, taxes and related gratuities. Alcoholic beverages will not be reimbursed by the district. Expenses in excess of the district's established **per diem** limit(s) are ordinarily the responsibility of the employee and may be reimbursed only with approval from the superintendent or designee. Receipts for all meal expenses must be secured and attached to the claim if the employee is requesting reimbursement in excess of per diem.

Travel Advances

1. A travel advance may be requested when the estimated cost for meals, lodging, etc., exceeds \$50. The travel advance may be requested by completing the **Travel Authorization and Expense Report (TAER)** form provided by the district. This form must be approved by the employees supervisors in advance of getting the advance or traveling.
2. The cost of commercial travel tickets will not be included in a cash advance request.
3. In the event of loss, the employee is personally responsible for cash advances issued and for any third party use of a district-provided credit card.
4. At least 15 working days are required for processing an advance check after the approved request is received by the business office.
5. Only one cash advance may be outstanding to any employee at any time.

Reservations, Commercial Carrier and Lodging

1. Travel must be conducted in the most expeditious and cost-effective manner, as determined by the district.
2. Each employee is responsible for making their own reservations ~~by obtaining a purchase order number from the business office and furnishing that number to the local travel agency or commercial carrier.~~ only after getting their TAER form approved.

Vehicle Rentals

1. Rental vehicles may be used only when use will affect a savings or otherwise be more advantageous to the district or when the use of other transportation is not feasible.
2. Rental of a compact vehicle is recommended when suitable for approved district business because of the lower initial rate and the guaranteed rate. Certain rental agencies guarantee the compact rate in all owned stations and in most licensee stations, which means that if a reservation for a compact vehicle is accepted and one is not available, a standard-sized vehicle will be substituted at the compact rate

3. Rental vehicles will be used only for official travel or in lieu of taxi for necessary travel. Any additional costs incurred for other usage will be the personal responsibility of the traveler.
4. Employees will be informed if the district carries the rental car endorsement as part of its insurance coverage. In the event the district does not carry the rental car endorsement the employee will be authorized to purchase insurance coverage from the rental agency.

Cancelled Trips

1. If an employee cannot leave at the scheduled time, it is the employee's responsibility to call the travel agency or carrier and arrange to have the tickets cancelled or exchanged.
2. Commercial carrier reservation cancellations must be made at least 24 hours before departure time, whenever possible.
3. Lodging reservations must be cancelled by the employee as soon as possible to avoid a cancellation charge.
4. If a trip is cancelled after an advance and/or tickets have been issued, the advance and tickets must be returned to the business office immediately.

Personal Travel Combined with District Business Travel

1. If an individual traveling on approved district business engages in both business and personal activities, travel expenses incurred will be reimbursed only for expenses that are ordinary and necessary in the conduct of district business. Expenses incurred as a part of personal business are the sole responsibility of the traveler. **There should be a clear delineation of costs between business and personal approved by the supervisor prior to travel**
2. When personal travel is combined with approved district business travel and the individual is traveling by less than the most expeditious and cost-effective manner, any additional costs must be paid by the traveler.
3. Time away from work caused by traveling by less than the most expeditious means available for personal purposes must be charged to vacation or other appropriate leave.

 - c. All subsistence and local transportation (e.g., taxi, vehicle fare) while on vacation status or other appropriate leave must be paid by the employee;

- time away from home on vacation or other personal leave, provided the employee was traveling on approved district business;
- e. A traveler who decides on their own to conduct district business without prior approval, while on vacation or other personal leave, cannot then use this as a justification to have the district pay basic transportation cost from the district to the location visited, or submit a request for other expense reimbursement.

 - a. Names of guests;

Mileage for approved district business travel in a private vehicle will be reimbursed at the current rate per mile established by the district, collective bargaining agreement or Internal Revenue Service (IRS), as applicable. Reimbursement that exceeds the IRS rate will be included as income to the employee in accordance with IRS regulations.
6. Meal expenses for approved district business travel purposes may be reportable as income to the employee in accordance with IRS regulations.
