Title I Schoolwide Program Overview

A Title I schoolwide program is a comprehensive reform strategy designed to upgrade the entire education program in a Title I school in order to improve the achievement of the lowest achieving students (ESEA section 1114(a)(1)). Under ESEA, a school may initially operate a schoolwide program if it meets any of the following conditions:

	A Title I school with 40% or more	of its students	living in poverty,	, regardless of the grad	des it serves
--	-----------------------------------	-----------------	--------------------	--------------------------	---------------

A Title I school that receives a waiver from the Alaska Department of Education & Early Development to operate
a schoolwide program without meeting the 40% poverty threshold.

Benefits from Operating a Schoolwide Program

A school that operates a schoolwide program is able to take advantage of numerous benefits, including:

- ☐ **Serving all students**. A school operating a schoolwide program does not need to identify particular students as eligible to participate, or individual services as supplementary. (ESEA section 1114(a)(2)(A)).
- □ Consolidating Federal, State, and local funds. A school operating a schoolwide program may consolidate Federal, State, and local education funds to better address the needs of students in the school. (ESEA section 1114(a)(1), (3)).

Consultation and Coordination

- ☐ The plan must be developed with the involvement of parents and other members of the community to be served and individuals who will carry out such plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators (including administrators of programs described in other parts of this title), the local educational agency, to the extent feasible, tribes and tribal organizations present in the community, and, if appropriate, specialized instructional support personnel, technical assistance providers, school staff, if the plan relates to a secondary school, students, and other individuals determined by the school. (ESEA section 1114(b)(2))
- ☐ If appropriate and applicable, the plan must be developed in coordination and integration with other Federal, State, and local services, resources, and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing comprehensive support and improvement activities or targeted support and improvement activities. (ESEA section 1114(b)(5))
- ☐ The plan must be available to the local educational agency, parents, and the public, and the information contained in such plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand. (ESEA section 1114(b)(4))

Implementing a Schoolwide Program

There are three required components of a schoolwide program that are essential to effective implementation: conducting a comprehensive needs assessment, preparing a comprehensive schoolwide plan, and annually reviewing and revising, as necessary, the schoolwide plan.

Conducting a comprehensive needs assessment. To ensure that a school's comprehensive plan best serves the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards, the school must conduct a comprehensive needs assessment. (ESEA section 1114(b)(6)). Through the needs assessment, a school must examine relevant academic achievement data and other data to understand students' most pressing needs and their root causes. The needs assessment should include consultation with a broad range of stakeholders (described above). Where necessary, a school should attempt to engage in interviews, focus

the roo	ot causes	s of the identified needs.
throug	hout the mpreher The sch provide of the	mprehensive schoolwide plan that describes how the school will improve academic achievement e school, but particularly for the lowest-achieving students, by addressing the needs identified in sive needs assessment. (ESEA section 1114(b)(7)). noolwide plan must include a description of how the strategies the school will be implementing will e opportunities and address the learning needs of all students in the school, particularly the needs lowest-achieving students. (ESEA section 1114(b)(7)(A)(i), (iii)). The schoolwide plan may include more of these activities:
		counseling, school-based mental health programs, specialized instructional support services, mentoring services, and other strategies to improve students' skills outside the academic subject areas;
		preparation for and awareness of opportunities for postsecondary education and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (such as Advanced Placement, International Baccalaureate, dual or concurrent enrollment, or early college high schools);
		implementation of a schoolwide tiered model to prevent and address problem behavior, and early intervening services, coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.);
		professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high need subjects; and
0	intenda learnin necess To ens include	strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs; in must also contain descriptions of how the methods and instructional strategies that the school is to use will strengthen the academic program in the school, increase the amount and quality of g time, and help provide an enriched and accelerated curriculum, including programs and activities ary to provide a well-rounded education. (ESEA section 1114(b)(7)(A)(ii)). The that the plan results in progress toward addressing the needs of the school, the plan should be benchmarks for the evaluation of program results. This plan may be integrated into an existing tement plan.
data, a proble School	ind perc m areas s must a	ating the schoolwide plan, using data from the State's assessments, other student performance eption data to determine if the schoolwide program has been effective in addressing the major and, in turn, increasing student achievement, particularly for the lowest-achieving students. nnually revise the plan, as necessary, based on student needs and the results of the evaluation to ous improvement. (ESEA section 1114(b)(3)).

groups, or surveys, as well as review data on students, educators, and schools to gain a better understanding of

Plan Development and Consultation

A. Describe the composition of the planning team. Provide a list of team members, who they represent, and their roles and/or responsibilities. (Each group should have at least one participant.)

Schoolwide Program Planning Team

Representation	Name of Team Member	Roles/Responsibilities
Principal: (required)	☐ Shaine Nixon	Principal
Teachers:		
(required)	☐ Christi Nixon	Teacher Teacher
	│ │	SpEd Teacher
	☐ Tawnya Weaver	
Paraprofessionals:	Judy Adamson	Paraprofessional
(required)		
Parents & Community: (required)	☐ Jamie Carver	Parent

(as needed)	N/A	

^{*}Administrators of programs that are to be consolidated in the schoolwide plan.

B. Describe the process used to develop the schoolwide
--

Coffman Cove Staff Members, along with ASC Members, Parents, Students and Other Stakeholders will get together to review, revise and develop Coffman Coves schoolwide plan to best suit Coffman Cove School Needs.

C. Use the following table to summarize the steps and activities of the planning process. Provide information about meeting dates and agenda items/topics as well as future meeting dates.

Meetin g Dates	Agenda Topics/Planning Steps	Participants at Meetings (check all that apply)
01/20/21	Introduction of the plan template to advisory School	X Planning Team ☐ All Staff X Parents/Community
02/17/21	Council (ASC) Discussion with ASC about comprehensive Needs assessment data needed	X Planning Team □ All Staff X Parents/Community
03/03/21	Presentation of 1st DRAFT schoolwide plan to ASC	X Planning Team ☐ All Staff X Parents/Community
05/03/23	Presentation of 2nd DRAFT schoolwide plan to ASC	X Planning Team ☐ All Staff X Parents/Community
mm/dd/y y		☐ Planning Team ☐ All Staff ☐ Parents/Community
mm/dd/y		☐ Planning Team ☐ All Staff ☐ Parents/Community
mm/dd/y		☐ Planning Team ☐ All Staff ☐ Parents/Community
mm/dd/y		☐ Planning Team ☐ All Staff ☐ Parents/Community
mm/dd/y		☐ Planning Team ☐ All Staff ☐ Parents/Community
mm/dd/y y		☐ Planning Team ☐ All Staff ☐ Parents/Community

D. Describe the process for communicating with all members of the school and community who were not part of the planning team about the planning process, data collection, plan development, and plan approval. Include specific information describing how parents were notified of the schoolwide planning process and involved in the plan development.

Students were sent home with flyers inviting parents to ASC meetings held via Zoom so all could attend. The school's social media pages also invited parents and community members to be a part of the process. Announcements were posted on community boards. School calendars were sent home with reminders. The minutes and agenda were posted publicly and presented to the school board, another public community event.

Teachers presented assessment data at conferences. The principal met 1:1 with parents/guardians at parent/teacher conferences to discuss questions/concerns.

Comprehensive Needs Assessment

A. Provide a brief description of the school, attendance area, and community.

Howard Valentine Coffman Cove School serves a community of 127 people located on Prince of Wales Island, in Coffman Cove, Alaska. HVCC School has approximately 20 students Grades Pre-k - 12.

B. Describe how the comprehensive needs assessment was conducted in an inclusive manner so it reaches all members of the school community (including regular education, special education, talented and gifted, migrant, English Learners, homeless, foster care, etc. as well as low-achieving students), paying particular attention to the needs of educationally disadvantaged children.

Students were sent home with flyers inviting parents to ASC meetings held via Zoom so all could attend. The school's social media pages also invited parents and community members to be a part of the process. Announcements were posted on community boards. The minutes and agenda were posted publicly and presented to the school board, another public community event.

Teachers presented assessment data at conferences.

C. Summarize the areas the school's current educational program that need improvement as identified in the comprehensive needs assessment. Identify priority of focus areas for achieving the outcomes of the proposed schoolwide program as being High, Medium, or Low.

Type of Data	Area of Need	Priorit	Describe needs determined from data in each area, as
Analyzed		у	applicable (do not include solutions here)

D. As a result of the comprehensive needs assessment and/or annual review and evaluation of the schoolwide plan, identify three or four goals to be addressed within the comprehensive schoolwide plan during the year for the high priority areas of need identified. Indicate the specific area of need (content, subgroups, etc.). Include current baseline data and a measurable goal/target for the year. In the Evaluation Measure column, indicate what data source will be used to determine whether the target has been met and/or the evaluation tools to be used.

			differentiation

Schoolwide Plan Strategies

A. Describe the strategies that the school will be implementing to address the identified school needs.

The school will implement data rich intervention in the form of assessments that are utilized to tailor instruction to students. Staff will be coached in professional development workshops in utilizing data effectively.

B. Describe the strategies that the school will use to provide opportunities for all children, including each of the subgroups of students, to meet the challenging State academic standards.

Students will have academic instruction differentiated to support their individual needs. Students' schedules will reflect their classes that will support their academic progress (eg. preAlgebra vs. Geometry).

C. Describe how the school will use methods and instructional strategies that strengthen the academic program in the school, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.

Professional development will emphasize supporting staff in differentiating instruction for students based on data culled from the assessments. The scheduling team will reflect on class schedules, ensuring students are enrolled in classes that will best support their academic progress. The principal will provide academic counseling as needed and include parents/guardians in the process.

D. Describe how the school will address the needs of those at risk of not meeting the challenging State academic standards.

Students will be provided opportunity and instructional support in going back to what they know and building from there in order to regain academic momentum. Student voice will be encouraged and integral to this process. Resiliency and trust will be built as staff encourage students to see failure as a teacher vs. a deterrent.

Annual Evaluation & Review Process

A. Describe how the school will evaluate whether the elements of the schoolwide plan have been implemented as planned.

The ASC will meet with the principal and any other integral parties to reflect on the implementation and advise as needed.

B. Describe how the school will measure and report student progress on the State's annual assessments and other indicators of student achievement at the end of the school year, for all students and for subgroups of students.

The school will use applicable data in reporting to the state.

C. Describe how the school will evaluate the results of the schoolwide plan in increasing student achievement in meeting the State's academic standards, particularly for those students who have been further from achieving standards, and meeting the goals and objectives in the plan.

The school will evaluate data from pertinent assessments & classroom grading in ascertaining goals being met. Student voice will be integral to this analysis.

D. Describe how the school will use the results of the annual evaluation of the effectiveness of the schoolwide plan to make revisions to the plan to ensure continuous improvement of the students in the schoolwide program.

The school will use the data from pertinent assessments to inform any corrections of course needed, taking into account classroom grading and student voice.

Financial Requirements

A. Indicate which, if any, of the state, local or federal program resources are used to support the schoolwide plan. (Include only funds that are used to implement components of the schoolwide plan in the school. See 34 CFR, Section 220.29 for regulations relating to consolidation of funds from federal programs.)
